

Extraordinary Pirongia Ward Committee Agenda

The path could be constructed in asphalt or concrete. Other paths in the reserve are in concrete and staying with concrete will produce a path with a long life.

The total cost is \$6000.00 with \$3000.00 sought from the Pirongia Ward Committee discretionary budget and the remainder from the Transportation budget.

Recommendation

That:

- a) The information provided by Manager Road Corridor Bryan Hudson be received;*
- b) The Committee consider allocating \$3,000.00 from the Discretionary fund towards the cost of construction of a footpath linking the Forkert Road footpath with the Childcare Centre in Ohaupo.*

7 COMMUNITY AWARDS

Pages: 5 - 6

The Committee discussed, at its December 2016 meeting and informally after the March 2017 meeting, the proposed presentation of Award Certificates to deserving people in the community. A certificate has been designed and when the list of names has been finalised, printing can be arranged. In the meantime approval is sought for the allocation of approximately \$350 to cover design and printing costs.

Recommendation

That the Pirongia Ward Committee approve allocation of \$350.00 from uncommitted funds to cover the cost of the design and printing of Community Award certificates.
