

Audit Report

To the readers of Waipa District Council's financial statements and performance information for the year ended 30 June 2009

The Auditor-General is the auditor of Waipa District Council (the District Council). The Auditor-General has appointed me, John Scott, using the staff and resources of Audit New Zealand, to carry out an audit. The audit covers the District Council's compliance with the requirements of Schedule 10 of the Local Government Act 2002 that apply to the annual report of the Council for the year ended 30 June 2009, including the financial statements.

Unqualified Opinion

In our opinion:

- The financial statements of the District Council on pages 18 to 45:
 - comply with generally accepted accounting practice in New Zealand; and
 - fairly reflect :
 - the District Council's financial position as at 30 June 2009; and
 - the results of its operations and cash flows for the year ended on that date.
- the service provision information of the District Council on pages 46 to 74 fairly reflects the levels of service provision as measured against the intended levels of service provision adopted, as well as the reasons for any significant variances, for the year ended on that date; and
- the District Council has complied with the other requirements of Schedule 10 of the Local Government Act 2002 that apply to the annual report (the "other requirements").

The audit was completed on 25 August 2009, and is the date at which our opinion is expressed.

The basis of our opinion is explained below. In addition, we outline the responsibilities of the Council and the Auditor, and explain our independence.

Basis of Opinion

We carried out the audit in accordance with the Auditor-General's Auditing Standards, which incorporate the New Zealand Auditing Standards.

We planned and performed the audit to obtain all the information and explanations we considered necessary in order to obtain reasonable assurance that the financial statements, performance information and the other requirements did not have material misstatements, whether caused by fraud or error.

Material misstatements are differences or omissions of amounts and disclosures that would affect a reader's overall understanding of the financial statements, performance information and the other requirements. If we had found material misstatements that were not corrected, we would have referred to them in our opinion.

The audit involved performing procedures to test the information presented in the financial statements, performance information and the other requirements. We assessed the results of those procedures in forming our opinion.

Audit procedures generally include:

- determining whether significant financial and management controls are working and can be relied on to produce complete and accurate data;
- verifying samples of transactions and account balances;
- performing analyses to identify anomalies in the reported data;
- reviewing significant estimates and judgements made by the Council;
- confirming year-end balances;
- determining whether accounting policies are appropriate and consistently applied; and
- determining whether all required disclosures are adequate.

We did not examine every transaction, nor do we guarantee complete accuracy of the financial statements, performance information and the other requirements.

We evaluated the overall adequacy of the presentation of information in the financial statements, performance information and the other requirements. We obtained all the information and explanations we required to support our opinion above.

Responsibilities of the Council and the Auditor

The Council is responsible for preparing financial statements in accordance with generally accepted accounting practice in New Zealand. The financial statements must fairly reflect the financial position of the District Council as at 30 June 2009. They must also fairly reflect the results of its operations and cash flows and the levels of service provision for the year ended on that date. The Council is also responsible for meeting the other requirements of Schedule 10 and including that information in the annual report. The Council's responsibilities arise from Section 98 and Schedule 10 of the Local Government Act 2002.

We are responsible for expressing an independent opinion on the financial statements, performance information and the other requirements and reporting that opinion to you. This responsibility arises from section 15 of the Public Audit Act 2001 and section 99 of the Local Government Act 2002.

Independence

When carrying out the audit we followed the independence requirements of the Auditor-General, which incorporate the independence requirements of the Institute of Chartered Accountants of New Zealand.

In addition to the audit we have carried out assignments in the areas of providing assurance over an operations contract with a third party, H2O Management (Waikato) Ltd, as well as conducting the audit of the Long Term Council Community Plan, which are compatible with those independence requirements. Other than the audit and these assignments, we have no relationship with or interests in the District Council.

A handwritten signature in black ink, appearing to read 'John Scott', with a large loop at the bottom.

Matters Relating to the Electronic Presentation of the Audited Financial Statements, Performance Information and the Other Requirements

This audit report relates to the financial statements, performance information and the other requirements of Waipa District Council for the year ended 30 June 2009 included on Waipa District Council's website. Waipa District Council's Council is responsible for the maintenance and integrity of Waipa District Council's website. We have not been engaged to report on the integrity of Waipa District Council's website. We accept no responsibility for any changes that may have occurred to the financial statements, performance information and the other requirements since they were initially presented on the website.

The audit report refers only to the financial statements, performance information and the other requirements named above. It does not provide an opinion on any other information which may have been hyperlinked to or from the financial statements, performance information and the other requirements. If readers of this report are concerned with the inherent risks arising from electronic data communication they should refer to the published hard copy of the audited financial statements, performance information and the other requirements as well as the related audit report dated 25 August 2009 to confirm the information included in the audited financial statements, performance information and the other requirements presented on this website.

Legislation in New Zealand governing the preparation and dissemination of financial information may differ from legislation in other jurisdictions.
