

Waikato Expressway – Cambridge Section

Documentation Framework

This document contains the New Zealand Transport Agency's (NZTA) Notices of Requirement (NoRs), for alterations to existing designations pursuant to Section 181 of the Resource Management Act 1991 (RMA), and the application for resource consents (pursuant to Section 88 of the RMA).

The NZTA has prepared separate Notices of Requirement (two in total) to be lodged with each of the relevant territorial authorities (Waipa District Council and Waikato District Council).

The resource consents are being applied for by the NZTA and are sought from Environment Waikato.

The NoRs and resource consent applications are supported by an Assessment of Environmental Effects (AEE), specialist technical reports, and Scheme Drawings.

The NoRs and the resource consent applications are separate documents and separate AEEs have been completed for each. Accordingly, the documents contained in this framework are as follows:
