

# Community Information Day Feedback Form - August 2010

The New Zealand Transport Agency (NZTA) is planning the Cambridge Section of the Waikato Expressway, formerly known as the "Cambridge Bypass". NZTA would like to hear your views about the latest proposals for the Project and the measures that will be incorporated in it to protect the environment. NZTA wants to make sure it understands any environmental effects that the Project may have on the local community.

Completing this form is voluntary, but by completing it you will be ensuring that NZTA is aware of your concerns. The completed feedback forms will be kept confidential to NZTA and Opus International Consultants, and will be destroyed at the completion of the project. However, receipt of your feedback form will be recorded and its content summarised, and this summary will be included in the notice of requirement and resource consent applications, which will be available to the public.

You can return your completed feedback form by handing it in at the Information Day on Wednesday 11th August 2010 at the Cambridge Town Hall, or by posting it to the address provided - no stamp is required.

Your contact details would be appreciated so that we can keep you informed as the project develops, and discuss your feedback with you, if required.
