Council introduced a Water Remission For Complex Properties Policy for the 2018/2019 financial year. This policy worked well and Council is now proposing to include this policy on a permanent basis in its current Remissions and Postponement of Rates and Water Charges Policy. This amalgamation is a purely an administrative change which will enable the Council to reduce the number of policy documents.

Do you support the Council including the Water Remission for Complex Properties Policy on a permanent basis in the Remissions and Postponement of Rates and Water Charges Policy?

Yes No
