#### 7 TE WAKA SIX MONTHLY REPORT TO DECEMBER 2020

Hamish Bell from Te Waka presented the six-monthly report and answered questions from the Committee. Supply chain issues were highlighted as a serious risk to the New Zealand economy. Companies that are heavily exposed to this include building companies who are reliant on receiving building material from overseas. The availability of shipping lines is an issue as many companies don't have the resource to come to New Zealand due to the cost and infrequency of freight delivery.

#### **RESOLVED**

3/21/14

That the report titled 'Te Waka Six Monthly Report to December 2020' of Steve Tritt, Business Development Manager (document number 10572944), together with the 'Te Waka Six Monthly Report to Council July to December 2020 (document number 10568029) be received.

# 8 COUNCIL CONTROLLED ORGANISATIONS- DRAFT 2021/22 STATEMENTS OF INTENT AND SIX MONTHLY REPORTS TO 31 DECEMBER 2020

Presentations were made by representatives of each of the three Council Controlled Organisations.

Mark Morgan, Chief Executive of Waikato Regional Airport Limited reported a profit but not as high as expected due to the COVID-19 lockdown.

The Terminal Resilience project, strengthening and refurbishment recommission was due to be completed by June 2022. This project will be fully funded by the airport company.

Kevin French, Chief Executive and Peter Stubbs, Chair, of Waikato Local Authority Shared Services Limited (WLASS) noted the challenge of competing pressures on Councils and as a result the ability for them to be able to prioritise WLASS projects.

Mark Butcher, Chief Executive and Sumitha Kaluarachi of the Local Government Funding Authority (LGFA), outlined the market position. They noted the growth in the LGFA had been such that Council's \$100,000 shareholding investment 10 years ago, now had an asset backing of around \$500,000.

Green Bonds were noted as a possible avenue for cycleways investment. It was also noted that the LGFA can lend to Council at parent level to enable Council to then lend to community housing providers. The debt from LGFA would be secured against rates.

It was noted that Water reform would require a significant investment programme. At this stage the LGFA will work with Central Government on this matter but will not act as a lender for the new water entities.

#### **RESOLVED**

3/21/15

That -

- a) The 'Council Controlled Organisations Draft 2021/22 Statements of Intent and Six Monthly Reports to 31 December 2020' report (document number 10574575), of Sarah Davies, Manager Finance, be received;

- c) The Finance and Corporate Committee **approve**, subject to any changes or additional comments, the draft letter (document number 10574576) attached as Appendix 4, being Council's proposed comments on the Draft Statement of Intent 2021/22 of Waikato Regional Airport Limited (document number 10570679), to be provided to Waikato Regional Airport Limited;

#### 9 EIGHT MONTH REPORT TO 28 FEBRUARY 2021

Financial Accountant Nada Milne presented the 'Financial Report for the Period Ended 28 February 2021' and answered questions of the Committee.

The Committee were advised that the 1.4% borrowing rate was lower than forecast due to lower interest rates.

The forecast changes reflected in the report had not been updated in the draft 2021-31 Long Term Plan and Consultation Document, due to the timing of this information becoming available. The changes will be incorporated in the final 2021-31 Long Term Plan document after the consultation period. Group Manager Morris indicated that these changes will have significant impact on opening debt in year one of the 2021-31 Long Term Plan, however, they do not significantly impact the closing debt of the 2021/22 year as the majority of the changes are due to timing changes between the 2020/21 and 2021/22 years.

An apparent anomaly in the explanation for forestry revenue was noted.

#### **RESOLVED**

3/21/16 That –

- a) The information contained in the 'Eight Month Report to 28 February 2021' report (document number 10571968) of Nada Milne, Financial Accountant be received; and
- b) The Finance and Corporate Committee APPROVE the following 2020/21 funding requests and budget changes:
  - An increase of FOUR HUNDRED AND FIFTY THOUSAND DOLLARS (\$450,000) for the Transportation budget for the Hautapu Structure Plan Roading (C8). This will be funded from Development Contribution funding.
  - A decrease of FOUR MILLION, FOUR HUNDRED AND EIGHTY THOUSAND DOLLARS (\$4,480,000) for Development and Reserve Contributions Revenue, due to delays in development timing. This will result in less funds in the Development Contributions Reserves.

#### 10 HAMILTON AND WAIKATO TOURISM SIX MONTHLY REPORT

This report introduced the Hamilton and Waikato Tourism (HWT) Six Month Report to December 2020, which was presented by HWT CEO, Jason Dawson.

Jason Dawson introduced Annabelle Cotton, Chair of Hamilton and Waikato Tourism to the committee.

The Regional Events fund has created confidence among hosts and event venues and is a significant opportunity for Waikato and other areas.

Waipā key events are a draw card for visitors, providing a key injection of funds in the area. The upcoming Fieldays will be a big economic injection to the district during the winter.

Commercial accommodation is tracking well, showing good results and investment in the district.

#### **RESOLVED**

3/21/17

That the report titled 'Hamilton & Waikato Tourism Six Monthly Report' of Steve Tritt, Business Development Manager, together with the 'Hamilton Waikato Tourism Six Month Report to December 2020 to Waipā District Council' (document number 10571199), and 'The Mighty Waikato Visitor Statistics February 2021' (document number 10572321) be received.

Subject: CAMBRIDGE TOWN HALL COMMUNITY TRUST APPOINTMENTS

Meeting Date: 20 April 2021

#### 1 EXECUTIVE SUMMARY

In October 2020, the Finance and Corporate Committee agreed to propose to the Waipa community that a charitable trust be established to undertake the redevelopment of Cambridge Town Hall and to develop a sustainable operating model to manage the Hall. Submissions on the Statement of Proposal were heard in December 2020 and the Committee resolved to establish the Trust and named an independent selection panel to appoint the founding trustees of the new Trust.

The Trust Deed is in the process of being finalised. The selection panel received thirteen expressions of interest for the role and appointed seven trustees. The trustees have begun meeting and are participating in an induction process for their governance role.

#### 2 RECOMMENDATION

That -

- a) The report titled 'Cambridge Town Hall Community Trust Appointments' (document number 10565151), of Bev Gatenby, Consultant, be received;
- b) Committee members note the appointment of the founding trustees of the Cambridge Town Hall Community Trust and congratulate those trustees on their appointments;
- c) Committee members note that legal advice on the draft Trust Deed has been to remove Waipa District Council as a party to the Deed. Therefore the delegated authority (given at the 8 December 2020 meeting) to approve and sign the final Deed, and apply the Council seal is no longer required; and
- d) Committee members note that the charitable trust will be formally established once the founding trustees have approved and signed the final form of the Deed.

#### 3 BACKGROUND

For several years, a 'Cambridge Town Hall Vision Group' has promoted the possibility of an independent body to redevelop and reactivate Cambridge Town Hall. The Finance and Corporate Committee discussed the possibility of establishing a charitable trust to undertake that role at a workshop in early October 2020.

Subsequently the Committee agreed to consult the Waipa community through a Special Consultative Procedure and circulated a Statement of Proposal. After Hearings on submissions in December 2020, the Committee resolved the following (from the minutes of the meeting on 8 December 2020):

#### **RESOLVED**

3/20/60

That -

- a) The report titled 'Hearings / Decision on Proposal to Establish a Trust to Manage the Cambridge Town Hall' (document number 10474945) of Bev Gatenby, Consultant, be received;
- b) Pursuant to section 83 of the Local Government Act 2002, the Finance and Corporate Committee receive and consider the submissions on the proposal to establish a community trust to manage the Cambridge Town Hall;
- c) The Finance and Corporate Committee resolve to establish the Cambridge Town Hall Community Trust and for the Trust to be the preferred service delivery model to operate the Cambridge Town Hall, subject to Council agreeing lease arrangements and service arrangements with the Trust;
- d) The Finance and Corporate Committee consider the draft Trust Deed for the Cambridge Town Hall Community Trust (document number 10524073), and subject to any amendments, delegate authority to two elected members, together with the Chief Executive and the Deputy Chief Executive to approve any changes required to the Cambridge Town Hall Community Trust Deed following legal review and to achieve charitable status in compliance with the Charitable Trust Act 1957 and the Charities Act 2005, and to sign and to apply the Council seal to the Trust Deed for the Cambridge Town Hall Community Trust; and
- e) The Finance and Corporate Committee approve the appointment of Councillor Liz Stolwyk, Rob Feisst, Michelle Hollands and Jeremy Mayall to act as the appointments panel for the new trust, with delegated authority to select the founding trustees for the Cambridge Town Hall Community Trust.

Councillor Pettit / Councillor L. Brown

This Report updates the Committee on progress in establishing the charitable trust and appointing founding trustees.

#### 4 ESTABLISHMENT OF CHARITABLE TRUST

After the Committee's initial consideration of the draft Deed, legal firm Tompkins Wake were engaged to provide an independent legal review of the draft Deed. Their advice included removal of Council as a party to the Deed to ensure the independence of both Council and the Trust. Although Council has been removed as a party to the Deed, Council auditors have recently indicated that they believe the Trust should be included in Council's Group financial statements in the same way in which the Waipa Community Facilities Trust is included.

The draft charitable purposes of the Trust have been developed further as set out below:

The purposes of the Trust are:

- 5.1.1 To promote, manage and operate the Cambridge Town Hall for the benefit of residents and visitors to Waipā District.
- 5.1.2 To ensure Cambridge Town Hall is a venue which provides opportunities for community, civic, arts and other gatherings to be offered in Cambridge.
- 5.1.3 To provide a venue for residents of the Waipā district and visitors to enable them to meet or to take part in programmes that are organised to meet the needs of the community.
- 5.1.4 To preserve and promote building heritage, and promote cultural, arts, educational and recreational activities, in and for the benefit of all residents of the Waipā District.
- 5.1.5 To engage with the community to identify community, civic, arts and other activities which would be welcomed by the community and enabled through the Cambridge Town Hall.
- 5.1.6 To provide for, assist in, and promote the development of any other charitable purposes in the Waipā District relating to the provision of community, civic and arts facilities and activities.

Tompkins Wake also recommended a range of changes which bring the Deed up to date with current legislation, including the Trusts Act 2019. New clauses strengthen the Trusts position in protecting ongoing eligibility for tax concessions and to maintain the Trust's charitable status. A clause requiring the Trust to have and use a Common Seal appropriately has been added. The winding up clause has been strengthened by

requiring any remaining assets to be distributed to another charitable body, in the first instance with similar objects, in Waipa District.

Given Council's removal from the Deed, the founding trustees will approve the final form of the Deed as signatories to the Deed, albeit in consultation with Council staff, over an expected timeframe of the next two - three weeks. Once the Deed is signed, trustees expect to apply for charitable registration of the Trust.

#### 5 APPOINTMENT OF FOUNDING TRUSTEES

During the initial stages of advertising the trustee roles, selection panel member Rob Feisst withdrew from the role as he wished to express an interest in being a trustee. The selection panel therefore included Deputy Mayor Liz Stolwyk, Michelle Hollands and Jeremy Mayall.

The trustee roles were advertised through media releases (picked up by Cambridge Edition, Waikato News and NZ Herald website) and notices on the Waipa DC website, Twitter account and FaceBook page. Prospective trustees were provided with background information.

Thirteen expressions of interest from Cambridge residents were received, all of whom were interviewed by the selection panel. The panel agreed to appoint the following seven trustees (the Deed allows for 6 to 8 trustees):

Rob Feisst – long-time Cambridge resident, business and community leader with strong management, strategy and fundraising skills;

Antanas Procuta – architect (Director of Paua Architects in Hamilton), strong community governance and decades of involvement in the performing arts;

Maxine Nelson – co-owner of Ignite Arts Academy in Cambridge, strong community networks, vision and strategy, especially in community arts;

Dick Breukink – decades of executive level hospitality sector and hotel management, with strong community contributions and business sector involvement;

Mary Anne Gill – decades of senior communications experience in a range of sectors, including community organisations, community governance roles;

Jenny Cave – senior management and academic roles in anthropology, arts and cultural industry internationally and in NZ, strong governance experience;

Kirsty Johnson – associate at Shelly Tweedy accountants in Cambridge with corporate and CA firm accounting experience as well as a strong interest and experience in governance.

The selection panel was particularly pleased with the range of skills available across the group of founding trustees. Note that Dick Breukink is currently a Board member of Destination Cambridge but will resign from that role once the Trust has been formally established, because of the conflict of interest.

The founding trustees have met once and are meeting weekly over the next month to establish the Trust and to participate in an induction process for their governance role.

At their inaugural meeting, the Deputy Mayor and Deputy Chief Executive welcomed the new trustees into their roles and highlighted the partnership with Council. A significant step in coming months will be the agreement with Council of lease and management arrangements for the Cambridge Town Hall.

**From:** Financial Accountant

Subject: Financial Report for the Period Ended 31 March 2021

Meeting Date: 20 April 2021

File Reference: 68.10

#### 1 EXECUTIVE SUMMARY

The financial position for the period ended 31 March 2021 is detailed in Section 3 and the attached report.

#### 2 RECOMMENDATION

That the information contained in the 'Financial Report for the Period Ended 31 March 2021' (document number 10585771), of Nada Milne, Financial Accountant, be received.

#### **3 STAFF COMMENTS**

#### FINANCIAL RESULTS FOR MARCH

Total income is currently at 80 per cent of forecast. Operating expenditure is at 97 per cent of full year forecast, <u>although this is due to asset database improvement work on road pavement layers which resulted in significant asset write offs for duplicate layers and overlaps.</u> This was completed just before month end and requires a budget change to be completed in April 2021.

Vested Assets of \$21.4 million have been recognised to date, which is 101 per cent of the forecast. These assets are mainly from the Thorncombe Park, Pukekura Stage 3, Frontier Estate Stage 1 & 2, and Pukerimu subdivisions as well as the Waikeria Prison wastewater upgrades.

Discovered Assets of \$7.3 million have been recognised to date. These assets are mainly from database improvement work completed on stormwater, wastewater and road pavement layers.

Development and reserve contributions of \$3.4 million have been received to date. Subsidies and Grants are at 66 per cent of current budget and this variance is due to the \$3.41 million received from the New Zealand Government for the Three Waters Reform Program which has been offset by the delayed timing of roading capital works and subsequently the NZTA subsidy.

#### STATEMENT OF COST OF SERVICES

The Cost of Service Statement shows the breakdown of revenue for each significant activity and the breakdown of expenditure for each activity.

The table below summarises the operating revenue and expenditure for each significant activity:

Significant Activity	Оре	erating Reve	nue	Operating Expenditure			
	Actuals	Forecast		Actuals	Forecast	Forecast	
Year to Date	'000	'000	Forecast %	'000	'000	%

Planning & Regulatory	5,083	5,928	86%	6,827	9,367	73%	
Community Services & Facilities	4,131	5,293	78%	17,396	25,449	68%	
Transportation	9,256	16,539	56%	40,908	22,226	184%

Support Services	251	216	116%	10,672	15,306	70%	

Overall the gross revenue from Significant Activities is at 72% of the forecast. Activity revenue results of significant activities are below or above the anticipated 75% of forecast mainly due to revenue timing.

Overall the gross expenditure from Significant Activities is 94%. Most of the activity expenditure results are generally just below or above the anticipated 75% of forecast with much larger variance (184 per cent) in Roads and Footpaths due to pavement layers database improvement work completed in March 2021 requiring a budget change to be completed in April 2021.

#### **CAPITAL EXPENDITURE**

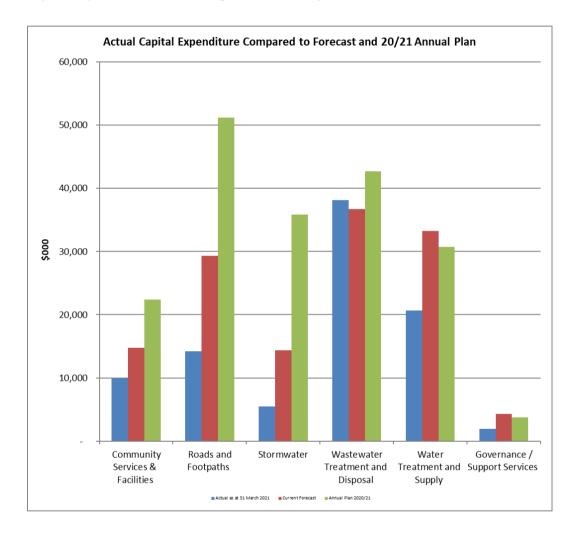

Capital expenditure to date is \$90.4 million which is 68 per cent of forecast.

A total of \$13.7 million was carried forward from the 2019/20 year to the current year to complete the 2019/20 contracts. Other capital adjustments totalling (\$67.5) million were included in the February report.

There have been no major capital budget changes since the February report.

The capital forecast budget totals \$132.8 million. The graph below summarises the capital expenditure for each significant activity.

#### **BUDGET CHANGES REQUIRING APPROVAL**

#### 1 EXECUTIVE SUMMARY

URG Promotions (NZ) Limited has applied to temporarily close the roads detailed below to vehicle traffic for the Targa Rotorua rally on **Sunday, 23 May 2021**.

The proposed closure was advertised publicly in the Te Awamutu News and Cambridge News on Thursday, 25 March 2021. Objections by affected parties were invited, closing at 4.00pm on Friday, 9 April 2021. Any objections will be delivered verbally at the meeting.

Police, the New Zealand Transport Agency – Waka Kotahi, and emergency services have been notified. Again, any concerns raised will be delivered verbally at the meeting. Police and other emergency services will have priority access to all areas of the closed roads at all times.

Note: Several closures cross Waipā District boundaries into South Waikato District. URG Promotions has also made an event road closure application to South Waikato District Council for this event, which will be considered when issues are resolved involving roads, unrelated to the proposed Waipa closures.

### 3 OPTIONS AND ASSESSMENT

### **Decision making**

URG Promotions (NZ) Limited's application has been reviewed and can proceed to approval. Council Officers are satisfied it meets the criteria set out in the Local Government Act 1974 and the Code of Practice for Temporary Traffic Management.

This rally and the associated road closure are a regular event. No problems or unreasonable inconvenience to traffic were reported to Council from previous events.

We anticipate this temporary road closure, if approved, will cause only limited disruption to the public. However, event organisers will be instructed to notify all affected properties of the closure details to minimise inconvenience.

If the temporary road closure is approved, Council Officers will:

- Inform organisers their application has been approved
- Work with organisers to approve a compliant Traffic Management Plan
- Publicly notify the temporary road closure in the Te Awamutu News and Cambridge News before the closure date.

Mighty River Domain, GL Events Ltd, 2020 Annual Report (document number 10585180)

# MIGHTY RIVER DOMAIN GL EVENTS LTD

# **GL EVENTS LTD**

t is with pleasure we provide our annual report for the management of Mighty River Domain. GL Events Ltd is in year 4 of a 6 year contract to 30 June 2023.

A fantastic start to 2020
saw us host over 3600 New
Zealand Scouts for the National
Scout Jamboree on site for one
week (cover photo). Each night 600
new scouts would join us for an overnight
wildnerness experience with a day of water
activities such as jetboating, kayking, sailing and
paddleboarding. This was closely followed by a

week long waterpark working in conjunction with Waterworld who normally reside in Auckland and Tauranga. The waterpark attracted over 2500 local and regional families over the summer period. The waterpark worked well for the domain (once it was anchored correctly!).

As with the rest of the New Zealand tourism industry the domain experienced significant upheaval from March 2020 and thus changed the 2020 year. While we are mildly optimistic for 2021 there are no quarantees at this

stage that there will be a return to 'normal' operating activities.

The loss of two staff over the 2020 year was difficult but a return to normal operating staffing levels occurred in late 2020 enabling a full delivery of events and functions.

The national lockdown in mid March 2020 saw most of the summer season complete but did implicate the following events for the remainder of the summer season:

- Dragon Boating Nationals cancelled
- 100k Cycle event postponed to October
- NZ secondary school cycling champs July,
- Legion rowers event cancelled
- All functions in the Main hall of the Sir Don Rowlands centre - (Waikato Balance Farm Environment awards, Mercury conference, Beef n' Lamb, school balls etc)
- Accommodation Rob Waddell Lodge/chalet bookings cancelled

Over the Alert periods we were able to continue with the following activities:

- Mowing lawns, winter maintenance
- Day to day administration mostly refunds!
- Finances
- Security
- Cleaning and Rubbish removal
- Plant & equipment maintenance
- Staff redundancies
- Updating of key documentation for next season
- **Training**

Along with the above we also took the opportunity to fast track and renovate the Rob Waddell Lodge. We successfully fully replaced all showers and toilets in the lodge, carpeted the lounge, upgraded lighting, light shades and upgraded some furniture.

We hit this current 20/21 summer with gusto and have delivered a full calendar of events that have included:

- 100km flyer (cycling)
- **Rowing Regattas**
- Spring Challenge (Womens adventure race)
- · Waka ama Regionals and Nationals
- Stragglers Classic Car Show
- Armistice in Cambridge
- Xmas camping (increased volume of campers)
- 3 day religious conference 600 pax
- Numerous weddings
- Kiwigrass music festival
- NZ volleyball tournament

Looking forward we have a number of new and exciting events to deliver:

- NZ Ulyssees Motorcycle rally 2021
- Two new Te wananga waka ama events for 2021
- Equestrian market day 2021
- The Great NZ summer Boat show 2021
- Crossfit Nationals 2021
- Large Scout Jamboree 2022
- International Breast Cancer Dragon boating 2023.

# **NEW INITIATIVES**

#### **NEW PRODUCT**

A new initiative to the domain has been the introduction of "Glamping" to our campground from mid 2020. In collaboration with a provider we have been offering a camping "Glamping" option that has been well received with regular bookings most weekends.

We have also teamed up with the Podium Café and Karapiro Kayaks to offer 'Grab one' deals to improve occupancy in our chalet accommodation.

We have teamed
up with the Podium Café
and Karapiro Kayaks to offer

occupancy in our chalet
accommodation.

Recently we have installed our new drink bottle filling stations – through the Council waste fund we were successful with x 2 stations that we have located outside the 1st embankment toilets and Sir Don Rowlands centre.

### **DELIVERY OF EVENTS**

Mighty River Domain has seen enormous change to the size, variety and calibre of events it delivers over the past 15 years. It has a reputation for clean, healthy style events and our branding and visual excellence delivers this. It is important we continue to maintain

4 | GL Events Ltd Annual Report 2020

this image and we need to think carefully how we manage aggressive behaviour from participants or guests that lead to reputational damage. In

particular the waka ama final night and hydroplanes exhibit poor behaviour through excessive drinking for non compliance with our liquor bann.

# SUGGESTED CHANGES TO SITE SERVICES

Over the years the domain has been able to adapt to the environmental and market changes to deliver a standard that is acceptable.

The cost of removing recycling and general waste is starting to escalate and we do see poor behaviour from guests to the domain that results in a less that desirable visual outcome. Most events will see a daily display of broken deck chairs, umbrellas, numerous general waste bags and sometimes their broken tents as well!

We have put in monumental effort over the years into recycling with clear signage with effortless systems however progress is slow. I would like to see Council consider this domain (and others) move slowly to a 'zero waste' venue. You bring it you leave with it!

We would like to see an ambitious 5 year plan in place for our events that loosely follows:

Year 1 Remove general waste bins from embankment and provide 1 bag per tent for waste, unlimited access to

recycling bins

Year 2 1 smaller bag per tent for waste unlimited access to recycling bins

Year 3 Unlimited access to recycling bins

Reduce our recycling Year 4

Year 5 Zero waste

Also it is time to review our current arrangement for waste with our onsite leases and temporary food vendors.

We currently collect all waste from The Podium Café, Rowing NZ and temporary food vendors temporarily on site. All these organisations cost us a great deal in money and labour to dispose their waste.

A review may include non collection of general waste from 01 July 2021 with access to our recycling bins OR a zero waste collection.

# **MOVING FORWARD**

The following event calendar for 2021/2022 will be confirmed at the next lake users meeting to be held in May of this year.

Lake users meetings continue to be useful to gauge support and direction from lake users, neighbours and clubs on site.

The calendar of events (on page 7), shows a wide variety of events that supports a wide variety of sporting and recreational events.

The past year has seen some interesting

challenges but I have been enormously proud of my team who have adapted quickly, quietly and maintained our standards of service under exceptional circumstances.

## LAST WORDS...

Andrew and I remain committed to the site – we very much enjoy what we do and the flexibility it provides with our young family. We have an amazing dedicated team of staff on hand who are all strongly connected to the Waipa district.

Life is better at the lake!
