

Waipa District Council  
Cambridge Community Board  
Maungatautari Subdivision  
Electing 1 Board Member

---

---

**Andrew MYERS**

My principal place of residence is in the Maungatautari Subdivision area.

Giving back to the community, from a community that's done so much for me. That's my aim.

I'm 39 years old; I was born in Cambridge. With my wife and young family, we live between

Cambridge and Te Awamutu. Together we lead a successful farming business and have strong links to the local towns through business, sport, and support services.

I want the best for our area and for its future growth. Waipa has a strong engine and I'm all about representing that. I would like to see the community getting value and strategic thinking from its elected members.

I hold an engineering degree, I am the president of a local sports club, and am a company director. These skills will hold me in good stead.

I would love your support to bring youth and motivation to the community board. I look forward to the election. Thank you!
