

Waipa District Council
Maungatautari Ward
Electing 1 Councillor

Les BENNETT

My principal place of residence is in the Maungatautari Ward area. I am also standing for Cambridge Community Board - Maungatautari Subdivision.

I was born a local and will die a local, I stood in three local elections two in Maungatautari the first in 2013.

I campaigned against the Three Waters in the Waikato, amalgamation of Councils, and SNAs, I knew back then what they wanted!

I did a lot of miles and met a lot of people, many of whom voted for me, thanks for that.

We face asset stripping, a grab for power and control by standalone three waters providers, with them engaging in working contracts with Multi National Companies.

The final outcome is most likely the removal of local Councils replaced by Regional Councils running Government board appointed heads to stand alone service companies across the board signing Private Public Partnerships for 30 year shared profit contracts, you will be their locked in income source.

There is one word we all need to learn to pronounce it's no!
