

Waipa District Council
Pirongia-Kakepuku Ward
Electing 2 Councillors

Clare ST PIERRE

Independent

My principal place of residence is in the Pirongia-Kakepuku Ward area.

I am a 3-term Pirongia Ward councillor and am seeking re-election. I grew up in the district on a Te Rore dairy farm, had a career in banking and have been active in biodiversity projects for the last 20 years. I have a management degree with first class honours and live in Pirongia Village with my husband Tony, who fully supports my council involvement. This has included Chair of the Audit and Risk Committee, Commissioner for RMA Hearings, and a member of Waikato Regional Council's Climate Action Forum.

My priorities include climate change responses that are affordable and equitable, housing solutions, ensuring good community processes are followed for council initiatives which also meet Maori needs, and controlling rating levels. I remain opposed to the 3 Waters Reform and will continue to be a strong voice for Pirongia Ward around the Council table. See <https://clarestpierre.com> for more details.
