

Waipa District Council
Te Awamutu-Kihikihi Ward
Electing 3 Councillors

Lou BROWN

Independent

My principal place of residence is in the Te Awamutu-Kihikihi Ward area.

I am placing my nomination as a Councillor for the Waipa District Council to continue working on the important issues and challenges facing our Waipa District. The current large amount of centralised legislation and law changes requires a very informed, knowledgeable, and practical approach which, I believe, I can offer electors. Inflation and the effects of higher interest rates will require a prudent and careful approach with all expenditure, rates and charges held as low as possible. Councillors and Council will require a strong and careful approach to all acquisitions, charges and rate increases during these difficult and rapidly changing financial times. I have a strong bias towards the local in local government and am always ready to act on behalf of our local community. I am currently serving as a Councillor, a representative member Te Awamutu Community Board, and represent Waipa District on the Joint Emergency Management Committee.
