

Waipa District Council
Te Awamutu-Kihikihi Ward
Electing 3 Councillors

James PARLANE

Independent

My principal place of residence is in the Te Awamutu-Kihikihi Ward area. I am also standing for Te Awamutu - Kihikihi Community Board.

I have experience and qualifications in governance, business strategy, careful stewardship of money and disability work. I'm the

most qualified person to represent this community having studied health and safety, property, valuation, economics, law and social sciences with post graduate psychology. I have a disarming personality and am a proven negotiator.

I live conservatively with a sentiment for the under-dog and am a Labrador enthusiast. I love houses and sheds.

I am a qualified hobby beekeeper. I am semi retired and can dedicate to careful allocation of public money.

I see this role as managing this community through threatening economic times. I have experience in crisis management. Waipa should consolidate.

Borrowed money must be repaid and pensioner housing can be self funding. It is time to focus on real community needs not the nice to haves.

I have lived in Waipa most of my life and do not intend leaving.
