Good Morning

I have realized I have had an issue with the scan file of the submission I recently put forward
Attached is the full file completed

Dear Waipa District Council,

I am writing to express my profound concern regarding the proposed industrial waste incinerator in our community. As a concerned resident, I believe it is imperative to address the potential detrimental effects this project may have on our environment, health, and the well-being of our community.

The primary areas of concern are:

1. **Environmental Emissions to Air and Wastewater:** The emissions from the incineration process pose a significant threat to our local environment. The release of pollutants into the air and the potential contamination of water sources is a critical issue that must be carefully considered.
2. **Increased Traffic and Transportation of Waste:** The influx of additional trucks for waste transportation will inevitably lead to increased traffic congestion and potential hazards on our roads. This may not only disrupt the tranquillity of our community but also raise valid safety concerns for our residents.
3. **Impact on Public Health:** The potential health risks associated with the release of pollutants, particulate matter, and hazardous chemicals from the incineration process are of utmost concern. Our community's health and well-being should be safeguarded above all else.
4. **Potential Devaluation of Housing:** The presence of an industrial waste incinerator can negatively impact property values in the surrounding area. This could have far-reaching consequences for homeowners who have invested in this community.

Given these concerns, I respectfully request that the Waipa District Council Decline the proposal for the industrial waste incinerator and consider alternative, environmentally sustainable solutions for waste management.

I appreciate your attention to this matter and trust that the Council will prioritize the well-being and interests of the residents in making its decision.

Thank you for your time and consideration.

I have attached my submission to decline Global Contracting Solutions Limited application

Many thanks

Ethan Moir

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

~~I am/am not~~* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

Environmental Emissions to air and waste water, Increased traffic, Impact on public health, storage and burning diesel on a floodplain

My submission is:

~~Support~~ parts or all of ☐ **Oppose** parts or all of ☒ ~~are neutral~~ parts or all of ☐
include—

- the reasons for your views.

Environmental Emissions to Air and Waste Water:

The emissions from the incineration process pose a significant threat to our local environment. The release of pollutants into the air and potential contamination of water sources is a critical issue that must be carefully considered.

Increased Traffic and Transportation of Waste:

The influx of additional trucks for waste transportation will inevitably lead to increased traffic congestion and potential hazards on our roads. This may not only disrupt the tranquillity of our community but also raise valid safety concerns for our residents.

Impact on Public Health:

The potential health risks associated with the release of pollutants, particulate matter, and hazardous chemicals from the incineration process are of utmost concern. Our community's health and well-being should be safeguarded above all else.

Potential Devaluation of Housing:

The presence of an industrial waste incinerator can negatively impact property values in the surrounding area. This could have far-reaching consequences for homeowners who have invested in this community.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

Given these concerns, I respectfully request that the Waipa District Council Declines the proposal for the industrial waste incinerator and consider alternative, environmentally sustainable solutions for waste management.

I wish to be heard in support of my submission.

- ☒ I do wish to be heard in support of my submission
(this means that you will speak at the hearing)

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

- ☐ I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- ☐ If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- ☒ I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I request/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: 

(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 10/10/2023 Contact person: Ethan Moir
(name and designation, if applicant)

Postal address: 1011 Ohaupo Road Te Awamutu
(or alternative method of service under section 352 of the Act):

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

Submission for the Incinerator Proposal Te Awamutu

Waipa District Council

Application Number: **LU/0323/21**

Sarah McFarlane

901 Pakura Street, Te Awamutu, 3800

[REDACTED]

My submission relates to the whole application.

I **OPPOSE** this application. I want the **Waipa District Council to DECLINE this application.**

I would like to be heard in support of my submission.

Waikato Regional Council

Application Number: **APP143988**

Sarah McFarlane

901 Pakura Street, Te Awamutu, 3800

[REDACTED]

My submission relates to the whole application.

I **OPPOSE** this application. I want the **Waikato Regional Council to DECLINE this application.**

I would like to be heard in support of my submission.

My name is Sarah McFarlane. I am a homeowner, business owner and parent in Te Awamutu. I own Te Awamutu Osteopathic Clinic and am very passionate about health and wellbeing. I am involved in a large health organisation known as the People's Health Alliance, which has a strong group of local practitioners behind it. We care greatly for the health and wellbeing of our fellow Te Awamutu residents and so request Waipa District Council and Waikato Regional Council both decline the application of the proposed incinerator by Global Contracting Solutions Limited.

We have just come through a very tough few years in regards to health choices being taken away from individuals, and body sovereignty being over-ridden by a government with little ability to follow up to date science – instead touting themselves as the single source of truth. We need to be looking at the wider (global) approach to incineration and the move away from this model.

Listening recently to Professor Connett, it seems as though we may be heading in the same direction with the proposed Incinerator that Global Contracting Solutions Limited are wanting to operate from

401 racecourse road, Te Awamutu. Up to date science does not support incineration as a sustainable waste management strategy.

Incineration is not a good option for managing waste and does nothing to educate consumers to change their consumption habits. What is worse, is that the above named company have NEVER built or operated an Incinerator before. Surely the safety and hazardous aspects of incineration is too serious to leave to a group with no prior experience.

The fact that a Health Risk Assessment has not been done, again heads us in the dangerous direction of health choices being taken away from individuals. The right to clean air, the right to clean water, and the right to un-contaminated land and foodstocks (grazing animals).

Incineration puts highly toxic and persistent substances into the air. This includes acid gases (HF, HCl etc), toxic metals (lead, mercury, cadmium etc), dioxins, furans, and pfos (perfluorinated organic substances). The major problem with dioxins (and related compounds) is they are highly persistent and accumulate in our bodies and the food chain.

New Zealand is not experienced in monitoring incinerators and has few laws in place to protect the public from such facilities. What will be the consequences to breaches of the resource consent if this is allowed to go ahead as this company is known to breach their resource consent conditions? How can public health be assured? How often will testing occur – of air, land, water, staff etc to ensure safety and compliance? The current air quality data for Te Awamutu is out of date and the weather stations used for the modelling are nowhere near the proposed incinerator site.

The company do not state where the fly ash and bottom ash will be disposed of. This ash is a concentrated mass of toxins that have to go somewhere. For every 4 tonnes of trash burnt about 1 tonne of ash is created. The ash is usually disposed of as landfill – but as a more dangerous and concentrated mass of toxins and heavy metals. The company surely must have to disclose where this dangerous material will be put into landfill.

The proposed incinerator in Te Awamutu would produce 23 tonnes per day of toxic ash. There is a risk for spills and contamination of the local stream and surrounding urban and rural land. The land is currently a specialised dairy industrial area – which means that the land use is intended to align with Fonterra Dairy Factory's activities. The air pollution for a start, surely does not align with this requirement. Surrounding farmland will also devalue and stock will be harmed (dioxins accumulate in grazing animals).

The change in land use will de-value surrounding housing prices. The height of the chimney stacks will be an eyesore the entire town will be able to view. The noise produced by an Incineration plant running 24 hours and day, 7 days a week will be relentless for the surrounding homes, let alone the noise from up to 200 trucks per day coming and going from the incinerator plant. Roads surrounding the proposed site will face undue wear and tear. Who will pay for roading repairs?

Has an assessment been made for the impact to the ecological corridor that links Maungatautari and Pirongia? Have the local Iwi and Hapu been consulted fully?

The land area where the proposed site is only 1.1km from the central business district of Te Awamutu. There are many houses located nearby as well as the racecourse being turned into a housing area. These houses are far too close to an incinerator that will produce dioxins which are cancer causing at even very low levels. The Barnyard Daycare centre is only 150 metres from the proposed site, the Kohanga Reo is only 900m away and the Te Awamutu College is a similar distance. The risk to human health is just too great.

These toxins are bioaccumulated in our tissues. They are highly toxic and can cause reproductive and developmental problems, damage the immune system, interfere with hormones and cause cancer. Even low doses of endocrine disrupting chemicals can be unsafe. The body's normal endocrine functioning involves very small changes in hormone levels, yet we know even these small changes can cause significant developmental and biological effects.

The following quoted information comes from The Endocrine Disruption Exchange -

<https://endocrinedisruption.org/interactive-tools/critical-windows-of-development/about-the-timeline/dioxin>

"Airborne dioxin can travel great distances, eventually settling onto soil, plants, and water. Dioxin dissolves readily in oils, fats, and organic solvents but poorly in water and it does not evaporate readily. Since dioxin does not react with oxygen or water and is not broken down by bacteria, it persists in the environment for long periods of time, making it a 'persistent organic pollutant'.

Dioxin accumulates in human fatty tissue (with a half life of 7-12 years). It is metabolised (mainly by the liver) and eliminated much more slowly than in other animals. It is excreted mainly through feces, and also through breastmilk.

Children, nursing infants, some workers, people who live near dioxin-release-sites are potential high-exposure groups. Children and fetuses are the most susceptible to the health effects of dioxin exposure."

The Ministry for the Environment also has some excellent points on their factsheet:

"If the waste feedstock is derived from fossil fuels, like plastic waste, this is not renewable material and the plant will not produce renewable energy.

Incineration burns the combustible materials within waste by heating to the necessary ignition temperature with oxygen. The heat generated is captured in a boiler to raise steam for a steam turbine. These plants typically produce exhaust gases (including greenhouse gases) and fly ash, which must be removed in flue gas treatment, as well as bottom ash.

Our geography for transporting large quantities of feedstock can also be challenging, given our hills, rivers and coastlines. We also experience natural hazards like earthquakes, floods, eruptions, cyclones and droughts.

Due to New Zealand's remoteness, if access to feedstock were to change and importing waste was required, this would likely be costly and impractical.

Deciding where to locate a waste to energy plant safely, and ensuring it would have access to sufficient feedstock, might provide quite a different challenge in New Zealand than elsewhere.

There is also the risk that waste to energy technology makes it too easy to dispose of large quantities of waste, so people lose any incentive to try and reduce the waste we generate. It may provide a solution for disposing waste but it would not solve the problem of excessive and potentially unsustainable use of resources.

If the feedstock needs to be collected from further away (than just Te Awamutu), transport may be a problem. New Zealand's road and rail network is not always

adequate for transporting large (and potentially hazardous) loads. Transport may also add to the financial and environmental costs and increase the emissions profile of the proposal". (Ministry for the Environment, A waste to energy guide for New Zealand, Factsheet).

It is for all the above reasons in the submission that I oppose this application in its entirety. I want the Waipa District Council to decline this application and Waikato Regional Council to decline this application.

I ~~request~~/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I am not a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

My submission relates to the whole application.

My submission is:

Support parts or all of ☐ **Oppose** parts or all of ☒ **are neutral** parts or all of ☐
include—

- *the reasons for your views.*

1. I, Lisa Mitchell oppose Global Contracting Services Limited, application for a Waste to Energy Incinerator. I have lived in Te Awamutu for 30 years. My husband was born and bred here and still resides in town. We have an amazing town that we all love. Our town is getting bigger everyday as being a great place to live, work and play away from all the hustle and bustle, and pollution a big city creates. We want to continue to live in our town. Help bring up grandchildren. It's a great town and that is how it should continue to be.
2. Global Contracting Services Limited, proposal of a waste to energy plant, would be detrimental to our towns people's health and businesses. With the air pollution via air discharges, Global Contracting Services Limited have no disregard to Te Awamutu or the health and wellbeing of its people. Global Contracting Services Limited are making an impact on the towns people mental health.
3. Te Awamutu's air quality has not been monitored since October 2016 to measure PM10, therefore there is no comparison to be made.
4. Waipa's healthy farmland will be contaminated with multiple poisonous toxins of PM10, PM2.5, sulphur, nitrogen, hydrogen chloride, hydrogen fluoride and carbon monoxide that will be emitted into the air and settling on the land. It will be these nanoparticles that will cause significant harm, not only to New Zealand's food source as the dioxins accumulate in the animal fat of grazing animals, but also into our water.
5. These cancer-causing toxins will have serious risks and harm to everyone's health, especially the elderly, those with respiratory health issues, cardiovascular disease, and children. My sister has respiratory issues, and my elderly mother has cardiovascular issues.
6. There are approx. 2000 children attending Daycares (The Barnyard daycare is 150m away), early learning and schools within a 1 km radius, not to mention 3 other large schools within 3 km's of the proposed site. Children are at a very high risk of the particulate matter causing respiratory problems and to think their lives are only just beginning.
7. Nanoparticles can also cause significant damage easily by crossing the lung membrane and once in the bloodstream they can easily cross the membranes of every body tissue.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

8. There will be noise, vibration on the roads causing damage to properties and air pollution from the diesel traffic movements 24/7 with large heavy productivity truck and tailor units. We reside on the state highway within town therefor having 24/7 traffic movements especially during the early hours makes one have lack of sleep, which in turn makes an impact on one's mental well-being. Our roads will become unsafe for our children especially before and after school and in the weekends where they are using their bikes to get around town.
9. Incineration is a waste of energy, producing little energy. Waipa and New Zealand do not want this. We do not want other towns rubbish or from around the world coming into our town.
10. Not only will our town's business be affected with job losses due to our current recycling services, and properties will also lose value. We have completed long awaited renovations on our home, and it makes me angry that the way we live will be changed forever should this incinerator go ahead. We do not want to live in a town that is no longer safe our families.
11. Te Awamutu does not want to be your guinea pigs for your waste incinerator. An incinerator is not our future.
12. We have a human right to be able to breath fresh air.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

I oppose to this application. I want the Waipa District Council to decline this application.

I wish (or do not wish) to be heard in support of my submission.

- ☒ I do wish to be heard in support of my submission
(this means that you will speak at the hearing)
- ☐ I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- ✓ If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- ☒ I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: _____

(or alternative method of service under section 352 of the Act):

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

(this is required by section 96(6) (b) of the Resource Management Act 1991)

Submission Opposing the Proposed Incineration Facility at 401 Racecourse Road, Te Awamutu.

As I am a loyal Waipa District Council & Waikato Regional Council rate payer & a mana whenua member affiliated to several marae in the takinga, I hereby vehemently express my deep seated opposition to the abovementioned proposed incinerator at 401 Racecourse Road, Te Awamutu for the following reasons:-

1. Harmful effects of toxic & carcinogenic particulates (dioxin, toxic ash etc...) on the Health & Wellbeing of current & future generations who reside in the Waipa community & specifically Te Awamutu.
2. Harmful effects on te taiao, namely, water, oxygen, flora & fauna which are ALL super essential to ALL life on this planet.
3. Destruction of useful materials that are able to be retrieved & re-purposed
4. Disincentivize more sustainable waste management solutions, practices, & energy sources.
5. What happens to the facility when it exceeds its end of life.
6. Waste minimalisation is the only ~~the~~ solution NOT TOXIC BURNING!!
Incinerator burning is old fashioned & outdated technology & furthermore should be laid to rest in the PAST!!!

NOTE: According to the WASTE TO ENERGY GUIDE FOR NZ authored by the MINISTRY FOR ENVIRONMENT, Principle 4 on page 6 of the fact sheet, I quote:-

"There should be a strong level of support from the community & treaty partners!" - I do not see this happening.

I ~~request~~/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I ~~am~~/am not* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

See appendix A

My submission is:

Support parts or all of ☐ Oppose parts or all of ☒ are neutral parts or all of ☐
include—

- the reasons for your views.

See appendix B

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

I seek for the application to be declined

I wish (or do not wish) to be heard in support of my submission.

- ☒ I do wish to be heard in support of my submission
(this means that you will speak at the hearing)
- I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- If others make a similar submission I will consider presenting a joint case with them at the hearing.

A Mahoney

Submission on Waipa District Council Notified Resource Consent Application LU/0323/21~
from Global Contracting Solutions.

Appendix A

The specific parts that my submission relates to are:

1. Concern about traffic movements on SH3 through Kihikihi village
2. No decommissioning plan has been submitted
3. No full socio-economic or cultural impact assessments are included, only a couple of sketchy paragraphs
4. No human health assessment included
5. Doubt about the viability of the project given a) the lack of any experience of the applicants in this technology, and b) no indication of support from proposed suppliers of feedstock

Appendix B

Below are the reasons for my views. The numbers relate to the specific parts of the application that are of concern as named in appendix A.

1. Traffic movements on SH3 through Kihikihi village

We live close by and shop in the village. SH3 through the village is relatively narrow and has approximately 9.1m of usable road and at present there are, on average, 1959 heavy traffic movements a day (figures from Waka Kotahi engineers' data). The proposal states that there will be an additional 4 heavy trucks an hour (Appendix U, Integrated Transportation Assessment, Section 5.2, Figs 8 and 9). Assuming 10 hours a day operation this equates to an additional 40 large, heavy trucks a day delivering waste to the plant along SH3 (Section 4.1, Introduction).

I consider a total of nearly 2000 large, heavy trucks on this part of the highway, where there are a large number of local light vehicles and a great deal of foot traffic to be unacceptable and dangerous.

The Ministry for the Environment Waste to Energy Guide for New Zealand is clear that on the questions that any waste to energy proposal should address. In Appendix A of this document it states:

5. Does the proposal include a plan for how the plant will be decommissioned at the end of its useful life, so the infrastructure and materials can be reused, repurposed or recycled?

21. Has a full socio-economic impact assessment been carried out, to understand the potential effects for those living near the proposed plant, in terms of health and well-being, environmental and economic effects?

2. I have not been able to find any plan for decommission as per 5 above other than a brief mention that it would be possible for some of the buildings to be repurposed.

3, 4. I have not been able to find a full socio-economic impact assessment as per 21 above. There are several brief paragraphs (Section 6.2.2 of the application) that touch on the subject but no detail. Nor is there a detailed human health assessment that I could find.

5. Doubt about the viability of the project given a) the lack of any experience of the applicants in this technology.

The principals of Global Contracting Solutions have a background in scrap metal but none in WtoE.

b) no indication of support from proposed suppliers of feedstock.

P

I ~~request~~/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I ~~am~~/am not* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

THE WHOLE APPLICATION

My submission is:

Support parts or all of ☐ Oppose parts or all of ☒ are neutral parts or all of ☐
include—

- the reasons for your views.

PLEASE SEE ATTACHED ..

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

DECLINE THE APPLICATION IN FULL

I wish (or do not wish) to be heard in support of my submission.

- ☒ I do wish to be heard in support of my submission
(this means that you will speak at the hearing)
- ☐ I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- ☐ If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- ☐ I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

Marianne Martin,
255 Greenhill Drive
Te Awamutu 3800

The reasons for my submission views are:

- I live in very close proximity to the proposed incinerator. Any discharge of ash, toxins, nanoparticles will affect me through the air that I breathe and/or any foods that I eat grown in the soil at my home.
- I have lived at this address for 3 years – I chose this address for the beautiful views that will be affected by direct sight of the proposed incinerator.
- There are no current incinerators in New Zealand. Te Awamutu residents do not want our town to be a testing ground for this technology.
- The applicant, that is Global Contracting Solutions Limited does not have any experience in waste incineration.
- The Directors of Global Contracting Solutions Limited DO HAVE a track record of violating resource consent conditions.
- There has been no human health assessment provided for the residents of Te Awamutu
- The incinerator will produce dioxins that are cancer causing – these will be emitted into the air. There is NO safe level of dioxins. Dioxins build up over time in human fat tissue and in animals.
- Storm water being discharged into the Mangapiko Stream is likely to be contaminated with heavy metals and dioxins.
- There is NO known filtration system to eliminate all toxic products.
- The site is totally unsuitable for an incinerator.
- The location of the incinerator is immediately next to residential housing, schools, early childhood centres and food businesses.
- The application conflicts with the intentions of the Waipa District plan and growth strategy of the community
- The site is designated a high-risk flood zone.
- The incinerator will be a detrimental contributor to climate change.
- Under New Zealand's air quality standards, it is illegal to burn even one tyre because the health and environmental effects are so toxic, yet this project is proposing to burn 35000 tonnes per year.
- Additional traffic in a residential area will add to air pollution.

I request/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I am not a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am not directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

The entire application.

My submission: I oppose this application.

- - *This is because:*
 - A similar, proposal in Waimate, South Canterbury has been “called in” by the Minister for the Environment in part because this is new technology with national implications. Waipa District Council should not be making a decision on this technology until it has been tested at the national level
 - According to media reports there have been protests in Te Awamutu about this application. Te Awamutu is known to be a fairly conservative community and it is significant that a protest down the main street has occurred.
 - Global Contracting Solutions has no experience in waste incineration. It is a scrap metal business with a history of violating resource consent conditions in their Hamilton operations. I am not confident that they are good community player
 - The project does not take into account the potential benefits of social procurement where council uses their purchasing power to encourage local employment. This project is likely to be capital intensive with minimal labour requirements. By comparison Community Recyclers like Xtreme Zero Waste in Raglan employ 40 people with significant economic benefits to the community. As a film maker I researched the benefits of Xtreme Zero Waste on the Raglan Community in 2012 and found that they spent at least 3 times as much money into the community as an out of town corporate contractor would. See “Xtreme Waste – Community Enterprise” currently available on youtube.
 - The application contains no formal Cultural Impact Assessment
 - Fully informed consent from Iwi and Hapū must be part of this proposal including clear disclosure of human health and environmental impacts
 - Taiea te Taiao was created to promote an ecological corridor to link Maungatautari and Pirongia te aroaro o Kahu.. An incinerator will undermine these efforts to improve local the water quality of the Mangapiko stream as stormwater from the site will go into the stream
 - The incinerator will produce dioxins that are cancer-causing even in extremely low levels. These will be emitted into the air, and will settle on the land and in the water. There is no

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

safe level of dioxins, and these “bio-accumulate” - meaning that over time they build up in human fat tissue and in animals.

- There is no assessment of land contamination included in the application. International research shows that the land surrounding incinerators can be extensively contaminated with heavy metals, microplastics and other toxic emissions including dioxin.
- Entire site is a floodplain - most of the site is designated a High Risk Flood Zone a situation that will only get worse due to the increase in extreme weather events as a result climate change.
- Ironically enough the incinerator will also be a massive contributor to climate change. It will directly add about 150 kilo tons per year of CO₂.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

I want the Waipā District Council to decline this application.

If others make a similar submission I will consider presenting a joint case with them at the hearing.

I have served a copy of my submission on the applicant.

(this is required by section 96(6) (b) of the Resource Management Act 1991)

I do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: 
(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 13/10/23 Contact person: Aaron Mooar
(name and designation, if applicant)

Postal address: 41 BOW ST Raglan

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

PLEASE NOTE:

The Resource Management Act 1991 requires submissions to be made available to the public.

Your contact details are collected:

- To arrange a hearing date and time for you to speak (if you choose to); and
- To inform you of any decisions made on issues covered by your submission.

Your name and address will be publicly available. If you do not supply your name and address the Council will formally receive your submission, but will not be able to inform you of the outcome.

The reasons for my views.

- Lack of timely consultation with the town residents and rate payers in direct impact / neighbouring proposal site.
- Already on water restrictions when summer arrives, the incinerator is proposed to use 70,000 litres of water per day, this equates to 25,550,000 litres per annum. I've always planted a veggie garden. How is the average person to grow veges to support the cost of living. When it rains I put buckets out to catch rainfall for watering veges - yet a company are allowed to take way above that.

So if this application goes ahead, when it rains the rain will contain dioxins.

So in summer if I'm doing my bit to conserve water how are they doing theirs?

- This will do no good for our town and environment it will be poisonous to human and animal life.

I vehemently oppose this application.

Mausichacho.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),

LOCATION: 401 Racecourse Road, Te Awamutu

I ~~am~~/am not* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

See attached

My submission is:

Support parts or all of ☐ Oppose parts or all of ☒ are neutral parts or all of ☐
include—

- the reasons for your views.

See attached

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

To decline the application in its entirety

I wish (or do not wish) to be heard in support of my submission.

- ☐ I do wish to be heard in support of my submission
(this means that you will speak at the hearing)
- ☐ I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- ☒ If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- ☒ I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

Waipa District Council
Submission on a Notified Resource Consent application
Form 13

The specific parts of the application that my submission relates to are:

- the adverse environmental impact generated from this facility on the residents of Waipa;
- the facility will run 24 hours a day, 7 days a week, 365 days of the year;
- the facility is located geographically close to my home at 260 North Street, Te Awamutu
- the facility is located next door to residents, schools and be situated almost entirely in a floodplain area;
- the facility will affect the health and wellbeing of residents living in the vicinity of the waste to energy incinerator;
- the facility will use Racecourse Road as the access point for all of the rubbish trucks, this road is lined with residential houses on one side of the street meaning an increase in noise, dust and vibration from the increase in traffic and trucks delivering rubbish to the waste to energy incinerator;
- the facility will expose residents to odour nuisance and cancer causing dioxins released into the air;
- the facility will endanger the wider community by increasing impacts of climate change and taking Aotearoa New Zealand further away from the climate change targets it needs to achieve;
- the facility will source municipal solid waste from the region, this means Te Awamutu could become a dumping ground for waste from as far north as Hampton Downs and as far south as Taupo;
- the facility will be burning tyres that will be sourced from all around Aotearoa New Zealand.

Waipa District Council

My submission is to oppose all. Reasons for my views are:

The proposed waste to energy plant has brought the community together in strong opposition to the construction and operation of a "Waste to Energy" plant.

Waipa residents held a protest march on 8th October to show their strong opposition to the project.

Residents who are directly affected by this proposal will not be able to sell their houses or achieve a fair price. Te Awamutu will not be seen as an attractive place to live.

There are major concerns about the facility drawing water during the summer months when water restrictions are usually in place. With the facility planning to draw up to 70,000 litres per day, where does that leave the residents of Te Awamutu, home gardeners, growers and farmers who need water to grow their food, particularly as the effects of climate change are predicted to lead to increasing instances of drought?

Schools, elder-care facilities, playcentres, day-care, housing and businesses are all within a kilometer or less of the proposed site. People are fearful for their health and that of their children. There is already excessive noise, vibration, dust and emissions from the Fonterra site on Factory Road which already impacts residents of Te Awamutu. This new facility will only add to the noise, vibration, dust and emissions that already exist.

To summarise, given the limited opportunity to review and assess the application and the unsuitability of the proposed site at 401 Racecourse Road, Te Awamutu, the only response is to decline the application and I ask that you do so.

Paula Ann Mens
Dated: 12.10.2023

I ~~request~~/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: 

(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 12/10/2023

Contact person: Paula Ann Wens

(name and designation, if applicant)

Postal address: 260 North Street, Te Awamutu 3800

(or alternative method of service under section 352 of the Act):

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

- ☒ I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

Submission addendum

Jennifer L Myers

Waipa District Council application number: LU/0323/21

Waikato Regional Council application number: APP143988

My name is Jennifer Myers, and I am an American expat, now NZ citizen, who moved with my family here in 2010 to pursue life in a country whose values aligned better with our own. Namely, a country that values community and tolerance, and that respects our environment and planet. I am a wife, mother and business owner, and I am vehemently opposed to the proposed Waste to Energy Incinerator that Global Contracting Solutions Limited has requested consent to build at 401 Racecourse Rd in Te Awamutu because it goes against NZ's commitment to respect the environment AND protect the health of our community.

I also oppose this application because Global Contracting Solutions Limited has exactly ZERO experience operating a municipal solid waste incinerator. It is simply a scrap metal business. The company already has a negative track record of violating resource consent conditions in their existing Hamilton operation – WHY ON EARTH allow a company who is already violating their resource consent in one area to build a new, facility that will use untested technology in another location?

I oppose this application because the proposed incinerator will produce dioxins that are cancer-causing even in extremely low levels. These WILL be emitted into the air, and WILL settle on the land and in the water. There is NO safe level of dioxins, as they accumulate in our bodies and in the bodies of our livestock over time. I do not want myself, my family and friends to become sick because of exposure to these dioxins. I do not want our local farming operations to go bust because the livestock have become so contaminated that no one wants to buy the meat or milk (which has happened in the Netherlands where incinerators of this type exist).

I oppose this application because the location of a heavy industrial operation immediately next to existing and planned residential housing, schools and food businesses (including 1800 children who attend the schools and daycares within 1KM of this proposed site), and operating 24-hrs/day, 7days/week is not appropriate and conflicts with the intentions of the Waipā District Plan and Growth Strategy for the community.

I oppose this application because the proposed facility will produce two different types of ash – to the tune of 23 TONS per day - ash that falls to the bottom of the machine and 'fly ash' that will be emitted from the stacks and escape into the air. The applicant has NOT identified where they will dispose of this ash, and that is not acceptable.

I oppose this application because this plant will operate off diesel fuel – thousands of gallons per day – that is a fossil fuel. How on earth can one justify burning industrial waste (tyres, metal, flock) with diesel fuel while releasing toxic compounds into the air and water and in the same breath call it good for the environment and the community?!? Words fail me.

I oppose this application because NZ has NO other facilities like this and is therefore highly inexperienced in monitoring these types of facilities and has very few laws in place to protect the public from incinerator facilities and the toxic outputs (ASH) they produce.

Finally, I oppose this proposed facility because, unbelievably, the applicant has conducted NO human health risk assessment OR environmental impact study. Under NZ's air quality standards, it is illegal to burn even one tyre because the health and environmental effects are so toxic - yet, this project is proposing to burn 35,000 tons per year. Burning tyres emits cyanide, carbon monoxide, sulfur dioxide, and products of butadiene and styrene.

I ask you to please STOP this project and decline their application – for not only MY health and the health of my community but to protect all of NZ from being subjected to the backward, nonsensical precedent that would be set by allowing this to go ahead.

Jennifer L Myers

I ~~request~~/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter:

(or alternative method of service under section 352 of the Act):

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I ~~am~~/am not* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I ~~am~~/am not directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

All of application

My submission is:

Support parts or all of ☐ **Oppose** parts or all of ☒ **are neutral** parts or all of ☐

include—

- the reasons for your views.

The incinerator will produce dioxins that are cancer causing. There is no assessment of land contamination in application. Too close to town + schools. TA does not want to be a testing ground for this technology

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

decline application

I wish (or do not wish) to be heard in support of my submission.

- ☒ I do wish to be heard in support of my submission
(this means that you will speak at the hearing)
- ☐ I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- ☒ If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- ☒ I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I ~~request~~/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: 
(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 13/10/23 Contact person: Kyra Martyn
(name and designation, if applicant)

Postal address: 790 Bank St, TA
(or alternative method of service under section 352 of the Act):

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

(this is required by section 96(6) (b) of the Resource Management Act 1991)

Hello,

My partner and I have just purchased our first home on mangapiko street very close to the proposed incinerator.

We are very concerned about the negative effects the incinerator could have on our community. This inefficient environment harming proposal has no place here in the beautiful Waipa or anywhere else in Aotearoa.

All of Te Awamutu is at risk including our schools and businesses all within walking distance of the site.

The incinerator will produce cancer causing dioxins which there is no safe level of.

Global Contracting Solutions has supplied documentation to Waipa district council insisting any contaminants produced would have effects ranging from "less than minor" to "no more than minor". Disposing the toxic ash containing harmful dioxins via landfill doesn't sound it will only have a minor effect on the health of our community and the environment.

Currently NZ does not have a municipal solid waste incinerator in operation. ~~and~~

Global contracting solutions does not have any experience of operation in waste incineration. It is a scrap metal business.

The company does, however, have a track record of violating resource consent conditions in their Hamilton operations.

Please take our concerns seriously and understand that this incinerator will not be a positive addition to our community.

Thank You

Khyllan Taylor

Awhimaaia Atarau Tupuhi McColl

Welcome to contact me on [REDACTED]

I request/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: Ah
(or person authorised to sign on behalf of submitter) (A signature is not required if you make your submission by electronic means.)

Date: 11/10/23 Contact person: Awhimaia McColl
(name and designation, if applicant)

Postal address: 461 Mangapiko Street Te Awamutu
(or alternative method of service under section 352 of the Act):

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- It is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I ~~am~~ am not a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am ~~not~~ am directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

All of the Application

My submission is:

Support parts or all of ☐ Oppose parts or all of ☒ are neutral parts or all of ☐

include—

- the reasons for your views. I am a member of the Te Awamutu community I live and work in Te Awamutu. My daughter & grand children live in very close proximity to the proposed site on corner of North & Factory I work with vulnerable people who are unlikely to be well informed & active in making an informed choice in this issue.

See attached sheet

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

I oppose this application. I want the Waipa District Council to decline this application.

I wish (or do not wish) to be heard in support of my submission.

- ☒ I do wish to be heard in support of my submission
(this means that you will speak at the hearing)
- ☐ I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- ☒ If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- ☒ I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

There is a Kohanga reo, Kura ~~Te~~ Te Awanui
college and ECE (North St) ~~and~~ and Racecourse rd
ECE.

All is close proximity exposing many of our
tamariki & rangatahi to unknown and
known risks, including my grandchildren.

I am particularly concerned at the potential
impact on our environment in the context
of climate change and that there is a
vulnerable water way (Mangapiko stream) already
degraded by other pollutants that will be
further impacted.

It alarms me that the proposed plant is
being built on a flood plain given the increase
in weather events that create the ~~conditions~~
~~that~~ extreme flooding ~~events~~ we have seen
around the country and have experienced
already in the Te Awanui district. I am
not confident that Global Contracting has the
experience or oversight to mitigate these
given they have chosen the site they have,
and their track record of violations in
Hamilton.

I don't believe there is sufficient infrastructure
to handle the proposed truck movements with
out serious inconvenience, impact on our
town.

I have many other concerns with the proposal.

I ~~request~~ do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

(or alternative method of service under section 352 of the Act):

Notes to submitter

If you are making a submission to the Environmental Protection Authority, you should use form 16B.

The closing date for serving submissions on the consent authority is the 20th working day after the date on which public or limited notification is given. If the application is subject to limited notification, the consent authority may adopt an earlier closing date for submissions once the consent authority receives responses from all affected persons.

If you are a trade competitor, your right to make a submission may be limited by the trade competition provisions in Part 11A of the Resource Management Act 1991.

You must serve a copy of your submission on the applicant as soon as reasonably practicable after you have served your submission on the consent authority.

If you make your submission in hard copy please deliver to Waipa District Council, 101 Bank Street, Te Awamutu or 23 Wilson Street, Cambridge or post to Private Bag 2402, Te Awamutu 3840

If you make your submission by electronic means, a signature is not required. Electronic submissions on resource consent applications must be directed to submissions@waipadc.govt.nz.

If you make a request under section 100A of the Resource Management Act 1991, you must do so in writing no later than 5 working days after the close of submissions and you may be liable to meet or contribute to the costs of the hearings commissioner or commissioners. You may not make a request under section 100A of the Resource Management Act 1991 in relation to an application for a coastal permit to carry out an activity that a regional coastal plan describes as a restricted coastal activity.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious:
- it discloses no reasonable or relevant case:
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further:
- it contains offensive language:
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I am/am not* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

My submission relates to the whole application.

My submission is:

Support parts or all of ☐ **Oppose** parts or all of ☒ **are neutral** parts or all of ☐
include—

- the reasons for your views.

I live in close proximity and have children whom attend School and lead active lives in the community. The discharge of toxins into out clean, green environment is not wanted. The increase in traffic flow alone with their emissions is enough to be of putting. The river which our dog regularly swims in would be at risk of contamination. Keep Te Awamutu clean, green and beautiful.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

To decline the application.

I wish (or do not wish) to be heard in support of my submission.

- ☒ I do wish to be heard in support of my submission
(this means that you will speak at the hearing)

I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)

- ☐ If others make a similar submission I will consider presenting a joint case with them at the hearing.

You must tick one of the boxes above, otherwise it will be deemed that you do not wish to be heard and we will not advise you of the date of the hearing.

- ☒ I have served a copy of my submission on the applicant.
(this is required by section 96(6) (b) of the Resource Management Act 1991)

I request/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

Signature of submitter: _____

Submission on a Notified Resource Consent Application

Form 13

Sections 41D, 95A, 95B, 95C, 96, 127(3) and 234(4),
Resource Management Act 1991

This is a submission on:

APPLICANT'S NAME: Global Contracting Solutions Limited

LOCATION: 401 Racecourse Road, Te Awamutu

I am/~~am not~~* a trade competitor for the purposes of section 308B of the Resource Management Act 1991.

I am/~~am not~~ directly affected by an effect of the subject matter of the submission that—

- (a) adversely affects the environment; and
- (b) does not relate to trade competition or the effects of trade competition.

The specific parts of the application that my submission relates to are:

- Emission of toxic compounds such as Dioxins and Furans on health and entering the food chain.
- Proximity to sensitive Areas
- Truck movement.

My submission is:

Support parts or all of ☐ Oppose parts or all of ☒ are neutral parts or all of ☐

include—

• the reasons for your views.

- the effects on public health from toxic emissions
- the burden on the Council from wear and tear on Roadway
- The danger to the Environment dealing with the toxic residue in the ash. — see attached sheets.

I seek the following decision from the consent authority:

give precise details, including the parts of the application you wish to have amended and the general nature of any conditions sought

I want the ruling authority to decline the application to build this incinerator.

I wish (or do not wish) to be heard in support of my submission.

- I do wish to be heard in support of my submission
(this means that you will speak at the hearing)
- ✓ I do not wish to be heard in support of my submission
(this means that you will not be advised of the date of the hearing and will not speak at the hearing)
- ✓ If others make a similar submission I will consider presenting a joint case with them at the hearing.

Waipa District Council

Re: Opposition to Waste-to-Energy Plant Proposal in Te Awamutu

Dear Members of the Waipa District Council,

I am writing to express my deep concerns and strong opposition to the proposed waste-to-energy plant in Te Awamutu. As a resident of this vibrant community, I value the health and well-being of our town, especially for our children and future generations. This submission is based on compelling evidence, including the plant's own documentation, which raises serious doubts about the safety and appropriateness of this project.

1. Emissions and Health Concerns:

The proposal for the waste-to-energy plant indicates that it will not have zero emissions. This is a critical issue that should not be taken lightly, particularly due to the profound health risks, especially for our children:

Dioxins and Furans: Dioxins and furans, released during waste combustion, are particularly insidious for children. These highly toxic compounds can impact children's developing bodies, leading to developmental issues, immune system problems, and an increased risk of childhood cancers.

Heavy Metals: Children are more vulnerable to the toxic effects of heavy metals like lead, mercury, and cadmium, which may be released from waste incineration. Exposure to these substances can result in neurological damage, developmental delays, and long-term cognitive impairments.

Volatile Organic Compounds (VOCs): Children's developing respiratory systems make them more susceptible to the harmful effects of VOCs. Exposure to VOCs can exacerbate asthma and other respiratory conditions, leading to increased hospitalization rates among children.

Tyres and General Waste: The inclusion of tyres and general waste in the combustion process introduces unpredictable and harmful emissions. These emissions can contain a mix of carcinogenic and toxic substances, posing a higher risk to the health of our children, who are more sensitive to environmental pollutants.

2. Proximity to Sensitive Areas:

The proposed plant's proximity to schools, preschools, and highly populated areas exacerbates these health risks for our children. Children spend a significant portion of their time at school, and their exposure to harmful emissions is prolonged in such close proximity.

3. Truck Movements and Community Impact:

The expected 100 truck movements per day through residential areas of our small town not only pose risks in terms of accidents but also exacerbate health concerns. Children and their developing respiratory systems are especially vulnerable to the air pollution and noise associated with increased truck movements.

4. Alternative Solutions:

I urge the council to prioritize the safety and health of our children and the entire community by exploring alternative waste management and energy solutions. The "Zero Waste to Landfill" campaign, successfully implemented by councils in New Zealand, such as Raglan, provides a proven path toward minimizing health risks associated with waste disposal while fostering a more sustainable and responsible approach.

5. Call to Action:

Given the health risks, particularly for our children, associated with emissions from the proposed waste-to-energy plant, I strongly oppose its construction in Te Awamutu. I implore the council to prioritize the well-being and safety of our community, especially our children, by reconsidering this proposal. I also encourage fellow residents to voice their concerns and participate in the decision-making process.

6. Conclusion:

Te Awamutu is a place we proudly call home, and we must protect it for current and future generations. I urge the Waipa District Council to act responsibly and in the best interests of our community, especially our children, by rejecting the waste-to-energy plant proposal.

Thank you for considering my submission. I trust that the council will make a well-informed and responsible decision regarding this matter.

Sincerely,

Andrew Moir

I request/do not request*, pursuant to section 100A of the Act, that you delegate your functions, powers, and duties to hear and decide the application to one or more hearings commissioners who are not members of the local authority.

6 October 2023

Submission regarding the proposed incinerator in Te Awamutu

We wish to submit our opposition to the proposal to build a waste incinerator at a site off Racecourse Road in Te Awamutu.

The plan to situate this type of industrial plant on this site is totally unacceptable. The impact of the particle waste discharge alone is alarming.

The prospect of an 'accidental' discharge into the adjacent Mangapiko Stream would be an environmental disaster.

The heavy vehicles delivering the tons of material to be burnt and the toxic ash leaving the plant will be damaging to our roads and would have a huge impact on our town. The increased pollution from the number of trucks servicing the plant is at odds with any concept to improve the environment.

Quite frankly the proposal at this site for this type of installation is bonkers.

Please note that your submission (or part of your submission) may be struck out if the authority is satisfied that at least one of the following applies to the submission (or part of the submission):

- it is frivolous or vexatious;
- it discloses no reasonable or relevant case;
- it would be an abuse of the hearing process to allow the submission (or the part) to be taken further;
- it contains offensive language;
- it is supported only by material that purports to be independent expert evidence, but has been prepared by a person who is not independent or who does not have sufficient specialised knowledge or skill to give expert advice on the matter.

Privacy information

The information you have provided on this form is required so that your submission can be processed under the RMA. The information will be stored on a public register and held by the Council, and may also be made available to the public on the Council's website. In addition, any on-going communications between you and Council will be held at Council's offices and may also be accessed upon request by a third party. Access to this information is administered in accordance with the Local Government Official Information and Meetings Act 1987 and the Privacy Act 1993. If you have any concerns about this, please discuss with a Council Planner prior to lodging your submission.
