Describe use of water withdrawal:

General conditions

1. The Council Officer is permitted to seize or detain all fittings, standpipes hoses, etc who are not permitted users or as a result of any breach of these conditions.
2. No water is to be drawn off by use of a fire hydrant.
3. All charges must be paid by the due date.
4. The applicant will be liable for any damages to Council property or a third party.
5. Bulk water filling stations are to be locked on departure.
6. No permits will be issued for more than 12 months.
7. This permit must be renewed before 30th June, each year to be considered valid.
8. The applicant is required to inform the Council Officer of any possible defect or damage to the Filling Station.
9. The applicant will be held responsible for the cost of any repairs of damage caused by the incorrect operation of a tanker filling station.
10. The applicant will also be held responsible for any third party damage that occurs whilst the tanker filling station is in use.
11. The applicant must comply with all conditions stated on the permit upon approval.
12. If any water drawn is to be provided for drinking water to customers, the water carrier must be registered with the Ministry of Health of Drinking water supplies or suppliers.

13. Water take may be limited when water restrictions are in place.
14. Council reserve the right to review, change or revoke these conditions, at any time.
