

### 1. Introduction

This Statement of Intent (SOI) sets out the nature and scope of the activities, objectives and performance targets for the New Zealand Local Government Funding Agency Limited (LGFA) for the three-year period 1 July 2022 to 30 June 2025.

LGFA is enabled under the Local Government Borrowing Act 2011 and is a council-controlled organisation (CCO) for the purposes of the Local Government Act 2002.

The SOI is prepared in accordance with section 64(1) of the Local Government Act 2002.

# 2. Nature and scope of activities

LGFA raises debt funding for the purpose of providing debt financing to New Zealand local authorities and CCOs (participating borrowers).

LGFA may raise debt funding either domestically and / or offshore in either NZ dollars or foreign currency.

LGFA only lends to participating borrowers that have entered into required relevant legal and operational arrangements and comply with the LGFA's lending policies.

In addition, LGFA may undertake any other activities considered by the LGFA Board to be reasonably related, incidentally to, or in connection with, that business.

# 3. Our purpose Ta tatou kaupapa

Benefiting local communities through delivering efficient financing for local government.

Ka whiwhi painga ngā hapori mā te whakarato pūtea tōtika ki ngā kaunihera.

# 4. Our values Ō mātau uara

We act with integrity E pono ana mātau	We are customer focused E arotahi ana mātau ki te kiritaki	We strive for excellence  E whakapau kaha mātau kia hiranga te mahi	We provide leadership He kaiārahi mātau	We are innovative He auaha mātau
We are honest, transparent and are committed to doing what is best for our customers and our company	Our customers are our council borrowers, investors, and all other organisations that we deal with. We listen to them and act in their best interests to deliver results that make a positive difference	We strive to excel by delivering financial products and services that are highly valued at least cost while seeking continuous improvement in everything we do.	We are here for our stakeholders in being strategically minded, providing resilience and executing our strategy. We embrace a high-performance culture and can be relied upon to deliver results.	To meet our ever- changing customer requirements, we will encourage innovation and provide a diverse range of financial products and services.

# 5. Foundation objectives

The Shareholders' Agreement is a foundation document and states that, in accordance with the Local Government Act, in carrying on its business the objectives of the Company will be to:

- (a) achieve the objectives of the Shareholders (both commercial and non-commercial) as specified in the Statement of Intent. The Shareholders agree that the Company shall carry on its business with a view to making a profit sufficient to pay a dividend in accordance with the Dividend Policy, but that the primary objective of the Shareholders with respect to the Company is that it optimises the terms and conditions of the debt funding it provides to Participating Local Authorities;
- (b) be a good employer;
- (c) exhibit a sense of social and environmental responsibility by having regard to the interests of the community in which it operates and by endeavouring to accommodate or encourage these when able to do so; and
- (d) conduct its affairs in accordance with sound business practice.

This Statement of Intent sets out the company's strategic priorities, together with associated objectives and performance targets, which align with the foundation objectives and have been agreed with shareholders.

# 6. Strategic priorities

The following five strategic priorities encompass the foundation objectives and guide the LGFA Board and management in determining our strategy, objectives and associated performance targets.

## Governance, capability and business practice

LGFA is committed to best practice corporate governance to ensure its long-term sustainability and success.

### **Optimising financing services for local government**

LGFA's primary objective is to optimise the terms and conditions of the debt funding it provides to participating borrowers. Amongst other things, LGFA will achieve this by delivering operational best practice and efficiency across our lending products and services.

## **Environmental and social responsibility**

LGFA recognises the risks inherent in climate change for councils and supports New Zealand's shift to a low-carbon economy. LGFA will exhibit a sense of social and environmental responsibility by having regard to the interests of the community in which it operates and by endeavouring to accommodate or encourage these when able to do so.

### **Effective management of loans**

LGFA will ensure its loan book remains at a high standard by ensuring it understands each participating borrower's financial position. LGFA manages its assets within an appropriate risk management framework to ensure shareholder value is not compromised.

## Industry leadership and engagement

LGFA will take a proactive role to enhance the financial strength and depth of the local government debt market and will work with key central government and local government stakeholders on sector issues.

# 7. Objectives and performance targets

This section sets out LGFA's objectives and performance targets for SOI 2022-2025.

The financial performance targets are focused on the 2022-2023 year and, as applicable, are based on the financial forecasts outlined in section 8.

03

# Governance, capability and business practice

Objectives	How we measure our performance
LGFA will:	
Demonstrate best practice corporate governance.	The Annual Report outlines our compliance with the eight core principles underpinning the NZX Corporate Governance Best Practice Code.
Set and model high standards of ethical behaviour.	LGFA has adopted a formal Code of Ethics, incorporating its Conflicts of Interest and Code of Conduct policies, which sets out the standards and values that directors and employees are expected to follow.
Achieve the shareholder-agreed objectives and performance targets specified in this Statement of Intent.	LGFA reports performance against objectives quarterly to shareholders and in our Annual Report.
Ensure products and services offered to participating borrowers are delivered in a cost-effective manner.	LGFA prepares annual operating budgets and monitors progress against these monthly. Financial performance is reported quarterly to shareholders and in our Annual Report.
Be a good employer by providing safe working conditions, training and development and equal opportunities for staff.	The Annual Report reports on our health and safety and wellbeing practices and policies, including Covid-related safety processes, compliance with the Health and Safety at Work Act, diversity and inclusion and capability and development.

Performance targets	2022-2023 target
Comply with the Shareholder Foundation Polices and the Board-approved Treasury Policy at all times.	No breaches
Maintain LGFA's credit rating equal to the New Zealand Government's sovereign rating where both entities are rated by the same Rating Agency.	LGFA credit ratings equivalent to NZ Sovereign.
LGFA's total operating income for the period to 30 June 2023.	> \$12.2 million
LGFA's total operating expenses for the period to 30 June 2023.	< \$9.4 million

# Optimising financing services for local government

Objectives	How we measure our performance
LGFA will:	
Provide interest cost savings relative to alternative sources of financing.	Measure LGFA issuance spreads against other high grade issuers in the New Zealand domestic capital markets.
Offer flexible short and long-term lending products that meet the borrowing requirements for borrowers.	Measure LGFA's share of overall council borrowing. Survey participating borrowers on an annual basis.
Deliver operational best practice and efficiency for lending services.	Minimise settlements errors for new trades and cashflows.  Survey participating borrowers on an annual basis.
Ensure certainty of access to debt markets, subject always to operating in accordance with sound business practice.	Maintain a vibrant primary and secondary market in LGFA bonds. Monitor participation by investors at our tenders through bid-coverage ratios and successful issuance yield ranges.

# 7. Industry leadership and engagement

Objectives	How we measure our performance	
LGFA will:		
Take a proactive role to enhance the financial strength and depth of the local government debt market and work with key central government and local government stakeholders on sector and individual council issues.	Report on actions undertaken and progress made on sector issues.	
Assist the local government sector with significant matters such as COVID -19 response and the proposed Three Waters Reform Programme.		
Support councils and CCOs in the development of reporting disclosures of the impacts of sector activity on climate change.		

# 8. Financial forecasts

LGFA's financial forecasts for the three years to 30 June 2025 are:

Comprehensive income \$m	Jun 23	Jun 24	Jun 25
Net Interest income	10.9	16.1	15.4
Other operating income	1.3	1.3	1.3
Total operating income	12.2	17.4	16.7

Shareholder equity + BN / total assets	2.5%	2.6%	2.7%
Asset growth	6.6%	4.7%	4.7%
Loan growth	7.8%	6.6%	4.1%
Return on equity	2.7%	7.6%	6.2%
Capital ratio	12.3%	13.0%	13.3%

The above forecasts assume a gross bond issuance programme of \$2.90 billion (FY23), \$2.93 billion (FY24) and \$2.80 billion (FY25) based upon term lending to councils of \$2.95 billion (FY23), \$2.78 billion (FY24) and \$2.70 billion (FY25)

Note there is a level of uncertainty regarding the financial forecasts for June 2024 and June 2025 due to the uncertainty relating to the Three Waters Reform and the impact on councils.

Councils prepared their 2021-31 Long Term Plans (and borrowing forecasts) on the assumption that Three Water Reform was not progressing and we have made the same assumption with our forecasts. LGFA projects it could have between \$4 to \$5 billion of loans to councils in June 2024 that are related to Three Waters. There have been no decisions made to date regarding the transfer of assets and liabilities from councils to the proposed Three Water entities.

Note that the forecast net operating profit is lower than previous years due to a projected fall in net interest income arising from

- 1. a larger holding of liquid assets (that provide a return lower than our cost of borrowing);
- 2. the cost of meeting collateral requirements on the interest rate swap positions used to hedge our bond issuance to provide floating rate lending to councils;
- 3. the cost from issuing bonds with an average term that is one year longer than our council lending; and
- 4. the cost from the introduction of green, social and sustainable loans to councils at a discounted loan margin.

Forecast issuance and operating expenses are higher than previous years, the key driver being an increase in the NZDM facility cost as a consequence of forecast collateral requirements.

We have increased the base lending margin to councils by 5 bps (to 20bps) from 1 July 2022 to partially offset some of the above costs.

# 9. Dividend policy

LGFA primary objective is to maximise benefits to participating borrowers rather than shareholders. Consequently, it is intended to pay a limited dividend to shareholders.

The Board's policy is to pay a dividend that provides an annual rate of return to shareholders equal to LGFA's fixed rate bond cost of funds plus 2.00% over the medium term.

At all times payment of any dividend will be discretionary and subject to the Board's legal obligations and views on appropriate capital structure.

### 10. Governance

### **Board**

The Board is responsible for the strategic direction and control of LGFA's activities. The Board guides and monitors the business and affairs of LGFA, in accordance with the Companies Act 1993, the Local Government Act 2002, the Local Government Borrowing Act 2011, the Company's Constitution, the Shareholders' Agreement for LGFA and this SOI.

The Board comprises six directors with five being independent directors and one being a non-independent director.

The Board's approach to governance is to adopt best practice with respect to:

- The operation of the Board.
- The performance of the Board.
- Managing the relationship with the Company's Chief Executive.
- Being accountable to all Shareholders.

All directors are required to comply with a formal Charter.

The Board will meet on a regular basis and no fewer than six times each year.

#### **Shareholders' Council**

The Shareholders' Council is made up of between five and ten appointees of the Shareholders (including an appointee from the Crown). The role of the Shareholders' Council is to:

- Review the performance of LGFA and the Board, and report to Shareholders on that performance on a periodic basis.
- Make recommendations to Shareholders as to the appointment, removal, replacement and remuneration of directors.
- Make recommendations to Shareholders as to any changes to policies, or the SOI, requiring their approval.
- Ensure all Shareholders are fully informed on LGFA matters and to coordinate Shareholders on governance decisions.

# 11. Information to be provided to Shareholders

The Board aims to ensure that Shareholders are informed of all major developments affecting LGFA's state of affairs, while at the same time recognising both LGFA's obligations under NZX Listing Rules and that commercial sensitivity may preclude certain information from being made public.

### **Annual Report**

The LGFA's balance date is 30 June.

By 30 September each year, the Company will produce an Annual Report complying with Sections 67, 68 and 69 of the Local Government Act 2002, the Companies Act 1993 and Financial Reporting Act 2013. The Annual Report will contain the information necessary to enable an informed assessment of the operations of the company, and will include the following information:

- Directors' Report.
- Financial Statements incorporating a Statement of Financial Performance, Statement of Movements in Equity, Statement of Financial Position, Statement of Cashflows, Statement of Accounting Policies and Notes to the Accounts.
- Comparison of the LGFA's performance regarding the objectives and performance targets set out in the SOI, with an explanation of any material variances.
- Auditor's Report on the financial statements and the performance targets.
- Any other information that the directors consider appropriate.

### **Half Yearly Report**

By 28 February each year, the Company will produce a Half Yearly Report complying with Section 66 of the Local Government Act 2002. The Half Yearly Report will include the following information:

- Directors' commentary on operations for the relevant six-month period.
- Un-audited half-yearly Financial Statements incorporating a Statement of Financial Performance, Statement of Movements in Equity, Statement of Financial Position and Statement of Cashflows.

### **Quarterly Report**

By 31 January, 30 April, 31 July, and 31 October each year, the Company will produce a Quarterly Report. The Quarterly Report will include the following information:

- Commentary on operations for the relevant quarter, including a summary of borrowing margins charged to Participating Borrower's (in credit rating bands).
- Comparison of LGFA's performance regarding the objectives and performance targets set out in the SOI, with an explanation of any material variances.
- Analysis of the weighted average maturity of LGFA bonds outstanding.
- In the December Quarterly Report only, commentary on the Net Debt / Total Revenue percentage for each Participating Local Authority that has borrowed from LGFA (as at the end of the preceding financial year).

08

Statement of Intent // 2022 - 2025

- To the extent known by LGFA, details of all events of review in respect of any Participating Borrower that occurred during the relevant quarter (including steps taken, or proposed to be taken, by LGFA in relation thereto).
- · Details of any lending to CCOs during the quarter and the amount of CCO loans outstanding.
- · Commentary on sustainability initiatives.

#### **Statement of Intent**

By 1 March in each year the Company will deliver to the Shareholders its draft SOI for the following year in the form required by Clause 9(1) of Schedule 8 and Section 64(1) of the Local Government Act 2002.

Having considered any comments from the Shareholders received by 30 April, the Board will deliver the completed SOI to the Shareholders on or before 30 June each year.

### **Shareholder Meetings**

The Board will hold an Annual General Meeting between 30 September and 30 November each year to present the Annual Report to all Shareholders.

The Company will hold a meeting with the Shareholders' Council approximately every six months – prior to the Annual General Meeting and after the Half Yearly Report has been submitted. Other meetings may be held by agreement between the Board and the Shareholders' Council.

# 12. Acquisition / divestment policy

LGFA will invest in securities in the ordinary course of business. It is expected that these securities will be debt securities. These investments will be governed by LGFA's lending and / or investment policies as approved by the Board and / or Shareholders.

Any subscription, purchase or acquisition by LGFA of shares in a company or organisation will, if not within those investment policies, require Shareholder approval other than as concerns the formation of wholly-owned subsidiaries and the subscription of shares in such wholly-owned subsidiaries.

# 13. Activities for which compensation is sought from Shareholders

At the request of Shareholders, LGFA may (at its discretion) undertake activities that are not consistent with its normal commercial objectives. Specific financial arrangements will be entered into to meet the full cost of providing such activities.

Currently there are no activities for which compensation will be sought from Shareholders.

## 14. Commercial value of Shareholder's investment

LGFA will seek to maximise benefits to Participating Local Authorities as Borrowers rather than Shareholders.

Subject to the Board's views on the appropriate capital structure for LGFA, the Board's intention will be to pay a dividend that provides an annual rate of return to Principal Shareholders equal to LGFA fixed rate bond cost of funds plus 2.00% over the medium term.

As the Shareholders will have invested in the LGFA on the basis of this limited dividend, the Board considered that at establishment the commercial value of LGFA was equal to the face value of the Shareholders' paid up Principal Shares - \$25 million.

In the absence of any subsequent share transfers to the observed share transfers on 30 November 2012, the Board considers the current commercial value of LGFA is at least equal to the face value of the Shareholders' paid up Principal Shares of \$25 million. This equates to a value per share of \$1.00.

# 15. Accounting policies

LGFA has adopted accounting policies that are in accordance with the New Zealand International Financial Reporting Standards and generally accepted accounting practice. A Statement of accounting policies is attached to this SOI.

09

# Statement of accounting policies

### 1. Reporting entity

The New Zealand Local Government Funding Agency Limited (LGFA) is a company registered under the Companies Act 1993 and is subject to the requirements of the Local Government Act 2002.

LGFA is a council-controlled organisation as defined under section 6 of the Local Government Act 2002. LGFA is a limited liability company incorporated and domiciled in New Zealand.

The primary objective of LGFA is to optimise the debt funding terms and conditions for participating borrowers.

The registered address of LGFA is Level 8, City Chambers, 142 Featherston Street, Wellington Central, Wellington 6011.

The financial statements are as at and for the year ended 30 June 2021.

These financial statements were authorised for issue by the Directors on 30 August 2021.

### 2. Statement of compliance

LGFA is an FMC reporting entity under the Financial Markets Conduct Act 2013 (FMCA). These financial statements have been prepared in accordance with that Act and the Financial Reporting Act 2013. LGFA's bonds are quoted on the NZX Debt Market.

LGFA is a profit orientated entity as defined under the New Zealand Equivalents to International Financial Reporting Standards (NZ IFRS).

The financial statements have been prepared in accordance with New Zealand Generally Accepted Accounting Practice (NZ GAAP) and they comply with NZ IFRS and other applicable Financial Reporting Standard, as appropriate for Tier 1 for-profit entities. The financial statements also comply with International Financial Reporting Standards (IFRS).

### 3. Basis of preparation

#### Measurement base

The financial statements have been prepared on a historical cost basis modified by the revaluation of certain assets and liabilities.

The financial statements are prepared on an accrual basis.

### Functional and presentation currency

The financial statements are presented in New Zealand dollars rounded to the nearest thousand, unless separately identified. The functional currency of LGFA is New Zealand dollars.

### Foreign currency conversions

Transactions denominated in foreign currency are translated into New Zealand dollars using exchange rates applied on the trade date of the transaction.

### Changes in accounting policies

LGFA does not consider any standards or interpretations on issue but not yet effective to have a significant impact on its financial statements.

### Financial instruments

## Financial assets

Financial assets, other than derivatives, are recognised initially at fair value plus transaction costs and subsequently measured at amortised cost using the effective interest rate method.

Cash and cash equivalents include cash on hand; cash in transit and bank accounts and deposits with an original maturity of no more than three months.

Purchases and sales of all financial assets are accounted for at trade date.

At each balance date, an expected credit loss assessment is performed for all financial assets and is calculated as either:

- Credit losses that may arise from default events that are possible within the next 12 months, where no significant increase in credit risk has arisen since acquisition of the asset, or
- Credit losses that may arise from default events that are possible over the expected life of the financial asset, where a significant increase in credit risk has arisen since acquisition of the asset.

Impairment losses on financial assets will ordinarily be recognised on initial recognition as a 12-month expected loss allowance and move to a lifetime expected loss allowance if there is a significant deterioration in credit risk since acquisition.

#### Financial liabilities

Financial liabilities, other than derivatives, are recognised initially at fair value less transaction costs and subsequently measured at amortised cost using the effective interest rate method.

#### Derivatives

Derivative financial instruments are recognised both initially and subsequently at fair value. They are reported as either assets or liabilities depending on whether the derivative is in a net gain or net loss position respectively.

#### Fair value hedge

Where a derivative qualifies as a hedge of the exposure to changes in fair value of an asset or liability (fair value hedge) any gain or loss on the derivative is recognised in profit and loss together with any changes in the fair value of the hedged asset or liability.

The carrying amount of the hedged item is adjusted by the fair value gain or loss on the hedged item in respect of the risk being hedged. Effective parts of the hedge are recognised in the same area of profit and loss as the hedged item.

### Other assets

### Property, plant and equipment

Items of property, plant and equipment are initially recorded at cost.

Depreciation is charged on a straight-line basis at rates calculated to allocate the cost or valuation of an item of property, plant and equipment, less any estimated residual value, over its remaining useful life.

#### Intangible assets

Intangible assets comprise software and project costs incurred for the implementation of the treasury management system. Capitalised computer software costs are amortised on a straight-line basis over the estimated useful life of the software (three to seven years). Costs associated with maintaining computer software are recognised as expenses.

#### Other liabilities

### Employee entitlements

Employee entitlements to salaries and wages, annual leave and other similar benefits are recognised in the profit and loss when they accrue to employees.

### Revenue

### Interest income

Interest income is accrued using the effective interest rate method.

The effective interest rate exactly discounts estimated future cash receipts through the expected life of the financial asset to that asset's net carrying amount. The method applies this rate to the principal outstanding to determine interest income each period.

### **Expenses**

Expenses are recognised in the period to which they relate.

### Interest expense

Interest expense is accrued using the effective interest rate method.

The effective interest rate exactly discounts estimated future cash payments through the expected life of the financial liability to that liability's net carrying amount. The method applies this rate to the principal outstanding to determine interest expense each period.

### Income tax

LGFA is exempt from income tax under Section 14 of the Local Government Borrowing Act 2011.

### Goods and services tax

All items in the financial statements are presented exclusive of goods and service tax (GST), except for receivables and payables, which are presented on a GST-inclusive basis. Where GST is not recoverable as input tax, then it is recognised as part of the related asset or expense.

The net amount of GST recoverable from, or payable to, the IRD is included as part of receivables or payables in the statement of financial position.

The net GST paid to, or received from the IRD, including the GST relating to investing and financing activities, is classified as a net operating cash flow in the statement of cash flows.

Commitments and contingencies are disclosed exclusive of GST.

#### Segment reporting

LGFA operates in one segment being funding of participating borrowers in New Zealand.

### Judgements and estimations

The preparation of these financial statements requires judgements, estimates and assumptions that affect the application of policies and reported amounts. For example, the fair value of financial instruments depends critically on judgements regarding future cash flows, including inflation assumptions and the risk-free discount rate.

The estimates and associated assumptions are based on historical experience and various other factors that are believed to be reasonable under the circumstances. Actual results may differ from these estimates and these estimates and underlying assumptions are reviewed on an ongoing basis. Where these judgements significantly affect the amounts recognised in the financial statements they are described in the following notes.

The financial statements as at 30 June 2021 include estimates and judgements of the potential impact of COVID-19 and the Three Waters Reform Programme on LGFA's financial position and performance. Whilst there has been no material impact on the estimates and judgements at the date these financial statements are authorised, it is noted that there is significant uncertainty with regards to the medium and long-term effects of COVID-19, as well as the outcome of Three Waters Reform Programme on the local government sector.
