This is a submission on the following proposed plan change to the Waipā District Plan

I AM IN FAVOUR OF THE PROPOSED PLAN TO have identified character clusters in Te Awamutu, Cambridge and Kihikihi. I believe it is important to retain the heritage, architectural and historic value preserved as much as possible.

Could you gain an advantage in trade competition through this submission? I could not

Are you directly affected by an effect of the subject matter that - (a) adversely affects the environment; and (b) does not relate to trade competition or the effects of trade competition? I am not

Do you wish to be heard (attend and speak at the Council hearing) in support of your submission? I do not

If others make a similar submission, will you consider presenting a joint case with them at the hearing? Yes

Do you support the proposed change(s)? I support

The specific provisions of the plan change my submission relates to are (give details):

Most of the central part of Te Awamutu, in particular Bank St, Fraser street and Young street, character clusters

My submission is

Taking out existing houses with heritage builds and replacing with high density, 3 storey houses will ruin the look of the area.

I seek the following decision/s from Council

to work had to retain the character of our lovely towns character buildings for future generations, so they can be observed without being blocked by intense housing
