REQUIREMENTS FOR KEEPING MORE THAN FIVE DOGS PER DWELLING IN THE RURAL AREAS OF THE WAIPA DISTRICT

The Waipa District Council Dog Control Bylaw 2015 Clause 3.4.2 states:

3.4.2. No occupier of any dwelling on land not specified in Schedule 3, shall allow to remain, or keep at the dwelling for a period exceeding 14 days, more than 5 dogs in total at any one time (which exceed 3 months of age), unless the occupier is the holder of a permit issued by the Council or a Delegated Officer.

REQUIREMENTS FOR OBTAINING A PERMIT

- The applicant/owner will take responsibility for ensuring there are no covenants on the Certificate of Title, pertaining to the keeping of dogs, which limit the number or exclude the keeping of dogs on this property.
- The applicant/owner must have a good record of dog control i.e. no substantiated complaints or impoundings over the last two years.
- All dogs must be registered and owners must comply with all requirements of the Dog Control Act 1996, Waipa District Dog Control Bylaw 2015 and meet or exceed the minimum standards of welfare as provided in the Animal Welfare (Dogs) Code of Welfare 2010.
- All movements of dogs to and from your property (dogs sold, died or change of ownership) **must** be notified to the Council within 14 days. Replacement dogs of a similar breed/type may be allowed to continue under the existing permit at the discretion of the Animal Control Officer. Failure to advise of changes may result in the permit being cancelled, and another permit application required.
- If dogs are to be housed outdoors, the kennels/runs must be weather-proof and are to be situated on a paved area that is impervious and able to be easily cleaned. The kennel and yard area shall be kept clean and hygienic at all times (daily cleaning required).
- Kennels must be no closer than three metres from any boundary and situated so as not to cause a nuisance to occupants of neighbouring properties.
- Should any intended kennel building exceed 10m², a building consent may be required from Waipa District Council before work proceeds. Contact Council's building control department for further information/advice.
- The dogs must have a constant supply of clean drinking water available.
- Owners must provide regular and adequate parasite prevention treatments (fleas, worms, flies).
- The application fee is not refundable if the application is unsuccessful.
- Where approval is granted, this will normally be for three years, however Council reserves the right at any time, to revoke or amend approval should any of the requirements/conditions be breached.

- All above requirements must be completed at time of application. If your property is not up to the required standard at the time of our inspection, any extra inspection may incur an additional fee per further inspection

Permit Conditions:

In addition to the above, Council may impose such reasonable conditions as required.

CHECKLIST

- Are you able to meet the criteria outlined above?
- Do you understand the requirements and conditions?
- Have you signed the form, and completed each section as required?

If you have any enquiries, feel free to contact staff at our Te Awamutu office (07) 872 0030 or Cambridge (07) 823 3800.
